The five volumes in *A History of the Book in America* offer a sweeping chronicle of our country's print production and culture from colonial times to the end of the twentieth century. This interdisciplinary collaborative work of scholarship examines the book trades as they have developed and spread throughout the United States, provides a history of U.S. literary cultures, investigates the practice of reading and more broadly the uses of literacy, and links literary culture with larger themes in American history. Now available for the first time, this complete Omnibus ebook contains all 5 volumes of this landmark work.

No Idle Hands Anne L. MacDonald, 2010-11-17

Fascinating! What is remarkable about this book is that a history of knitting can function so well as a survey of the changes in women's roles over time. *The New York Times Book Review*: An historian and lifelong knitter, Anne MacDonald expertly guides readers on a revealing tour of the history of knitting in America. In *No Idle Hands*, MacDonald considers how the necessity and the pleasure of knitting has shaped women's lives. Here is the Colonial woman for whom idleness was a sin and her Victorian counterpart who enjoyed the pleasure of knitting while visiting with friends; the war wife eager to provide her man with warmth and comfort; and the modern woman busy creating fashionable handknits for herself and her family. MacDonald examines each phase of American history and gives us a clear and compelling look at life then and now. And through it all, we see how knitting has played an important part in the way society has viewed women and how women have viewed themselves. Assembled from articles in

magazines knitting brochures newspaper clippings and other primary sources and featuring reproductions of advertisements illustrations and photographs from each period No Idle Hands capture the texture of women s domestic lives throughout history with great wit and insight Colorful and revealing vivid This book will intrigue needlewomen and students of domestic history alike The Washington Post Book World Catalog of Copyright Entries.
