Lemon-Aid New and Used Cars and Trucks 1990-2015 Phil Edmonston, 2013-11-18 Lemon Aid New and Used Cars and Trucks 1990 2015 steers the confused and anxious buyer through the purchase of new and used vehicles unlike any other car and truck book on the market Dr Phil Canada's best known automotive expert for more than 42 years pulls no punches

Language beyond Words: The Neuroscience of Accent Ignacio Moreno-Torres, Peter Mariën, Guadalupe Dávila, Marcelo L. Berthier, 2017-03-23 Language learning also implies the acquisition of a set of phonetic rules and prosodic contours which define the accent in that language While often considered as merely accessory accent is an essential component of psychological identity as it embodies information on origin culture and social class Speaking with a non standard foreign accent is not inconsequential because it may negatively impact communication and social adjustment Nevertheless the lack of a formal definition of accent may explain that as compared with other aspects of language it has received relatively little attention until recently During the past decade there has been increasing interest in the analysis of accent from a neuroscientific perspective This e book integrates data from different scientific frameworks The reader will find fruitful research on new models of accent processing how learning a new accent proceeds and the role of feedback on accent learning in healthy subjects In addition information on accent changes in pathological conditions including developmental and psychogenic foreign accent syndromes as well as the description of a new variant of foreign accent syndrome is also included It is anticipated that the articles in this e book will enhance the understanding of accent as a linguistic phenomenon the neural networks supporting it and potential interventions to accelerate acquisition or relearning of native accents

Lemon-Aid New and Used Cars and Trucks 1990-2016 Phil Edmonston, 2015-11-21 This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car and truck book on the market Dr Phil Canada's best known automotive expert for more than forty five years pulls no punches

Lemon-Aid New and Used Cars and Trucks 2007-2018 Phil Edmonston, 2018-02-03 A Globe and Mail bestseller Dr Phil Canada's best known automotive expert and George Iny walk you through another year of car buying After almost fifty years and two

million copies sold Phil Edmonston has a co pilot for the Lemon Aid Guide George Iny along with the editors of the Automobile Protection Association The 2018 Lemon Aid features comprehensive reviews of the best and worst vehicles sold since 2007 You ll find tips on the art of complaining to resolve your vehicular woes and strategies to ensure you don t get squeezed in the dealer s business office after you ve agreed on a price and let your guard down And to make sure you receive compensation where it s due Lemon Aid s unique secret warranties round up covers manufacturer extended warranties for performance defects Lemon Aid is an essential guide for careful buyers and long time gearheads who may not know as much as they think

The Routledge Handbook of Transport Economics Jonathan Cowie,Stephen Ison,2017-08-07 The Routledge Handbook of Transport Economics offers the first state of the art overview of the discipline of transport economics as it stands today reflective of key research and policy Transport is an important area of study and one which is problem rich stimulating a great deal of debate in areas which impact on everyday lives Much of this focuses on the practicalities of the modern day phenomenon of mass movement and all of the issues which surround it The discipline of economics is central to this debate and consequently the study and application of transport economics has a chief role to play in seeking to address subjects relating to major transport issues It can be argued that at the very heart of any transport issue or problem lies the underlying economics of the situation understand that and you alleviate the problem Featuring contributions from world leading scholars and practitioners from across the globe all of the chapters within this book are written from a practical perspective theory is applied and developed using real world examples

The book examines concepts issues ideas and practicalities of transport provision in five key topic areas public transport public transport reform economic development and transport modelling transport and the environment freight transport A real strength of the book is in linking theory to practice and hence the economics that are examined in this text are not the economics of the abstract but rather the economics of everyday living Practical and insightful this volume is an essential reference for any student or researcher working in all areas of transport provision ranging from planning appraisal regulation and freight and for all practitioners looking to develop their professional knowledge and who are seeking professional accreditation
