Acts St Andrews Expository Commentary:

Acts R. C. Sproul, 2010 This St Andrew s Expository Commentary from theologian preacher R C Sproul offers application and pastoral wisdom to the story of the gospel spreading to the nations R. C. Sproul Stephen J. Nichols, 2021-02-04 Introducing the First Biography of the Life and Ministry of R C Sproul R C Sproul 1939 2017 was a pastor a professor an author and the founder and president of Ligonier Ministries His contributions in the areas of biblical studies theology worldview and culture Christian living and church history continue to be held in high regard In this book Stephen J Nichols offers an in depth look at Sproul s life and ministry his childhood his formative seminary education his marriage and partnership with his beloved wife Vesta his influence on broader American evangelicalism and his many friendships with key figures such as James Montgomery Boice John MacArthur John Piper J I Packer and Chuck Colson This biography details the profound impact Sproul had on the lives of many during his lifetime and highlights the various ways his legacy continues to influence countless pastors and students worldwide **Rebels with Insufficient Cause** J. M. Sparrow, 2018-09-19 Why are Americans of African descent as a group not flourishing like other racial groups in America Dr J M Sparrow in *Rebels with Insufficient Cause* proposes that value formation through the biblical model of the family is lacking The secular world is redefining and reinterpreting the social structures that God created in order for humans to enjoy maximum human flourishing Every person or social group that chooses to ignore God s designs for humanity will experience chaos but every person and social group that submits to God s designs for humanity will experience order Americans of African descent are experiencing that chaos in greater measure than any other racial group Since this book holds to a biblical worldview that teaches that all humans are created equal Americans of African descent are not inherently more debased than other races However since the out of wedlock birth rate is astronomically higher in black communities than in others they are experiencing a greater share of the chaos Yet all is not lost When Americans of African descent begin to hold up the truths of the Bible as normative and encourage future generations to practice the same things will begin to turn around Americans of African descent must choose to reject the victim mentality see themselves as part of the larger American culture rather than as outsiders and inculcate biblical values on their children in the midst of loving supportive and God honoring family units

The Fate of the Apostles Sean McDowell, 2016-03-09 *The Book of Martyrs* by John Foxe written in the 16th century has long been the go to source for studying the lives and martyrdom of the apostles Whilst other scholars have written individual treatments on the more prominent apostles such as Peter Paul John and James there is little published information on the other apostles In *The Fate of the Apostles* Sean McDowell offers a comprehensive reasoned historical analysis of the fate of the twelve disciples of Jesus along with the apostles Paul and James McDowell assesses the evidence for each apostle s martyrdom as well as determining its significance to the reliability of their testimony The question of the fate of the apostles also gets to the heart of the reliability of the kerygma did the apostles really believe Jesus appeared to them after his death or

did they fabricate the entire story How reliable are the resurrection accounts The willingness of the apostles to die for their faith is a popular argument in resurrection studies and McDowell offers insightful scholarly analysis of this argument to break new ground within the spheres of New Testament studies Church History and apologetics **A Commentary Or Exposition Upon All the Books of the New Testament Wherein the Text is Explained, Some Controversies Discussed, Divers Common Places Handled, and Many Remarkable Matters Hinted, that Had by Former Interpreters Enlarged Throughout** John Trapp,1656 **The Expository Times** ,1894 **1-2 Peter** R. C. Sproul,2011-03-08 Peter wrote two letters to encourage churches to stand firm under persecution The apostle Peter himself was familiar with persecution as he probably wrote the letters from Rome awaiting his death From his own suffering Peter joins in fellowship with elect exiles of the dispersion by urging them to rejoice though now for a little while you have been grieved by various trials His inspired challenges to live a life worthy of the gospel hold great relevance for us today Pastor and scholar R C Sproul has preached through Peter s letters and has now compiled these sermons into one volume This St Andrew s Expositional Commentary will enable readers to glean from Sproul s wisdom and perspective on 1 2 Peter The St Andrew s Expositional Commentary series is the result of years of careful preparation and Bible centered preaching Delivered from a pastor s heart for his congregation readers will find this volume readable applicable appropriately paced and thoroughly biblical Here is an opportunity to sit at the feet of an eminent scholar and teacher encountering the Word of God Volumes on John Acts and Romans have already appeared **An Exposition of the Gospels** John MacEvilly,1898 **A Biblical-Theological Introduction to the New Testament** Michael J. Kruger,2016-05-31 Introductions to the New Testament often take a defensive stance focusing on historical critical issues but failing to address the interests and needs of pastors and Bible teachers However with an emphasis on the theology key themes and overall message of each book in the New Testament this collaborative effort of nine biblical scholars takes a more positive and pastorally relevant approach Written from a distinctly Reformed covenantal and redemptive historical perspective this theologically rich expositional resource will equip readers to study and teach each book in the New Testament with clarity and insight *Report of the Federal Security Agency* United States. Office of Education,1893
