Mindful America Jeff Wilson, 2014-07-01 Thirty years ago mindfulness was a Buddhist principle mostly obscure to the west Today it is a popular cure all for Americans daily problems A massive and lucrative industry promotes mindfulness in every aspect of life however mundane or unlikely Americans of various faiths or none at all practice mindful eating mindful sex mindful parenting mindfulness in the office mindful sports mindfulness based stress relief and addiction recovery and hire mindful divorce lawyers Mindfulness is touted by members of Congress CEOs and Silicon Valley tech gurus and is even being taught in public schools hospitals and the military Focusing on such processes as the marketing medicalization and professionalization of meditation Jeff Wilson reveals how Buddhism shed its countercultural image and was assimilated into mainstream American culture The rise of mindfulness in America Wilson argues is a perfect example of how Buddhism enters new cultures and is domesticated in each case the new cultures take from Buddhism what they believe will relieve their specific distresses and concerns and in the process create new forms of Buddhism adapted to their needs Wilson also tackles the economics of the mindfulness movement examining commercial programs therapeutic services and products such as books films CDs and even smartphone applications Mindful America is the first in depth study of this phenomenon invaluable for understanding how mindfulness came to be applied to such a vast array of non religious concerns and how it can be reconciled with traditional Buddhism in America

From Traditional to Ecological Stephen Houghton, 2006 The majority of research conducted in the field of Attention Deficit Hyperactivity Disorder AD HD has

comprised laboratory based psychological studies using highly repetitive and boring tasks Hence the generalisability of such work is somewhat limited This book describes in three sections a unique research program which successfully sought to achieve ecological validity in research Specifically the three sections describe the historical conceptualisation of AD HD and the emergence of models of AD HD the development of a unique quantitative research program incorporating studies using a traditional approach through to those conducted in naturalistic settings and the initiation of a related grounded theory research approach to bringing about a fuller understanding of the everyday experiences of individuals with AD HD
