Adaos Dance A Search For Meaning And Peace:

Dancing Conflicts, Unfolding Peaces Paula Ditzel Facci, 2020-08-13 This book explores the potential of movement as a means of eliciting conflict transformation and unfolding peace at the intrapersonal and relational levels. It examines how peace and dance have been related in different cultures and investigates embodied ways to creatively tap the energies of conflicts, inspiring possibilities of transformation and new dynamics in relationships. Drawing on Wolfgang Dietrich's Many Peaces theory, the book discusses how different expressions of dance have been connected to different interpretations of peace and strategies for transformation. Delving into elicitive approaches to conflict transformation, the book develops an innovative framework for applying movement as an elicitive method, which it vividly presents through the author's own experiences and interviews with participants in workshops. Given its scope, the book will appeal to scholars, practitioners, and artists working at the nexus of peace, conflict transformation, and the arts.
