Administered Protection in America (Routledge Revivals) Alan Rugman, Andrew D. M. Anderson, 2013-05-13 First published in 1987 Administered Protection in America follows calls in the United States at that time for the protection of American industries and the preservation of jobs threatened by foreign competition Professor Rugman's and Dr Anderson's work presents evidence that the United States already has a system of administered protection in place in the form of escape clauses countervailing duty and anti dumping procedures The book argues that the application of these procedures by a largely decentralised administration has reduced United States state policy to a state of near anarchy Rugman and Anderson argue that this is counterproductive for the United States and extremely harmful for America's trading partners in Europe Canada and the Far East The conclusion looks at discussions of trade negotiations with Canada in which Canada was pursuing a bilateral free trade agreement with the United States

Routledge Revivals: Energy II (1977) Denton Morrison, 2018-01-12 Originally published in 1977 Energy II provides a comprehensive and updated bibliography of energy in the context of the social sciences Following on from the first bibliography published in 1975 this book offers a fully updated bibliography and argues that energy problems are best seen in the context of social phenomena such as social attitudes social behaviours social institutions and structures and populations The book provides a unique list of references that examine energy problems outside of the context of social factors

The Economic Geography of Cross-Border Migration Karima Kourtit, Bruce Newbold, Peter Nijkamp, Mark Partridge, 2020-12-07 This handbook presents a collection of high quality authoritative scientific contributions on cross border migration written by a carefully selected group of recognized migration experts from around the globe In recent years cross border migration has become an important and intriguing issue from both a scientific and policy perspective In the age of migration the volume of cross border movements of people continues to rise while the nature of migration flows in terms of the determinants length of stay effects on the sending and host countries and legal status of migrants is changing dramatically Based on a detailed economic geographical analysis this handbook studies the motives for cross border

migration the socio economic implications for sending countries and regions the locational choice determinants for cross border migrants and the manifold economic geographic consequences for host countries and regions Given the complexity of migration decisions and their local or regional impacts a systematic typology of migrants motives legal status level of education gender age singles or families etc is provided together with an assessment of push factors in the place of origin and pull factors at the destination On the basis of a solid analytical framework and reliable empirical evidence it examines the impacts of emigration for sending areas and of immigration for receiving areas and provides a comprehensive discussion of the policy dimensions of cross border migration

International Equity and Global Environmental Politics Paul G. Harris, 2017-07-12 This title was first published in 2001 Discussing the implications for the world of embracing or failing to embrace international environmental equity as a core global objective is an essential exercise which this book undertakes with diligence and vigour Written in an accessible style this is essential reading for students of international relations and world politics global environmental policy and environmental policy and American foreign policy

The Internationalization of Environmental Protection Miranda A. Schreurs, Elizabeth Economy, 1997-10-02 Exploring the intersection of the domestic and the international in environmental politics this book presents seven original case studies which show how the internationalization of environmental protection efforts is altering policy making processes policy outcomes and the effectiveness of policy implementation The authors argue that while new norms and institutions for the global environment are emerging which are changing policy making processes at the national and regional levels sub state politics continues to influence strongly the nature of national responses to international environmental problems The volume examines climate change politics in China Japan and Germany ozone layer protection in the United States United Kingdom Japan and Germany East West environmental cooperation and the former Soviet Union Zimbabwe and the Convention on International Trade in Endangered Species biodiversity politics in the United States and United Kingdom and environmental protection within the European Union

Refugee Protection Crises and Transit Europe Julija Sardelić, 2025-10-01 This open access book presents a socio legal analysis of immediate responses to large scale refugee displacement in Europe after the 1951 Refugee Convention came into force focusing on the countries to which refugees initially fled or through which they passed namely Austria and initially Yugoslavia followed by several of the former Yugoslav countries First it investigates the immediate responses to refugee movements following the suppression of the 1956 Hungarian Revolution by Soviet troops Second it examines the responses to individuals seeking asylum after being displaced during the post Yugoslav wars of the 1990s Third it analyses the responses of the same countries to refugees fleeing Global South countries predominantly Syria Iraq and Afghanistan in 2015 and 2016 Finally it explores how these countries responded to the mass displacement of refugees from Ukraine The book argues that these countries have positioned themselves as transit or temporary protection countries in order to avoid assuming long term responsibility for a larger number of refugees As a consequence they granted various

forms of temporary legal status to refugees that differed from the refugee status defined in the 1951 Refugee Convention. These legal statuses were hierarchical in terms of the rights attached to them and racialized with the fewest rights granted to refugees from the Global South and other negatively racialized groups. The book traces the usage of self-serving politics of diversity and selective memory to legitimise why refugees could not be protected long term in these countries and also why there were such differences in treatment of refugees.

Protection of Geographic Names in International Law and Domain Name System Heather Ann Forrest, 2017-03-15. Written by internal counsel for internal counsel. Clear, concise and inspirational. Personifies that the benefit of the bargain is not simply a game of numbers. Ute Joas Quinn, Associate General Counsel, Exploration and Production Hess Corporation. Spot on. A user-friendly book that I was using before I reached the end. It made me think more creatively about all my negotiations to come. A must read for every current and future in-house counsel. Cyril Dumoulin, Senior Legal Counsel, Global Litigation, Shell International. A lively, entertaining work. A multi-faceted approach to the art of negotiation. A convincing demonstration of what it is about and how it actually works. Isabelle Hautot, General Counsel, International Expertise, Orange Telecom. A clear and most comprehensive, not to mention practical, book on negotiation. I picked it up and could not put it down. Wolf Von Kumborg, former Associate General Counsel and European Legal Director, Northrop Grumman Corporation. Chairman of the Board of Management, Chartered Institute of Arbitrators, Director, American Arbitration Association, Member, ArbDB. It has been such a pleasure to read what is destined to inspire in-house counsel and many others for negotiating deals and settlements. It covers the landscape from both theoretical and practical angles. I found myself nodding in recognition and agreement all along the way. Leslie Mooyaart, former General Counsel, KLM Royal Dutch Airlines, former Vice President and General Counsel, APM Terminals, Maersk. Chairman, The New Resolution Group.

C. Henry Kempe: A 50 Year Legacy to the Field of Child Abuse and Neglect Richard D. Krugman, Jill E. Korbin, 2012-07-13. The book series *Child Maltreatment: Contemporary Issues in Research and Policy* will consist of a state-of-the-art handbook to be revised every five years and two to three volumes per year. The first volume in this series is a legacy to C. Henry Kempe. This is a timely publication because 2012 marks 50 years after the appearance of the foundational article by C. Henry Kempe and his colleagues, *The Battered Child Syndrome*. This volume capitalizes on this 50-year anniversary to stand back and assess the field from the perspective that Dr. Kempe's early contributions and ideas are still being played out in practice and policy today. The volume will be released at the next ISPCAN meeting also in 2012.

Security and Human Rights Benjamin Goold, Liora Lazarus, 2007-06-07. In the wake of the events of September 11th, the task of reconciling issues of security with a respect for fundamental human rights has emerged as one of the key challenges facing governments throughout the world. Although the issues raised by the rise of security have been the subject of considerable academic interest to date, much of the debate surrounding the impact of security on human rights has taken place within particular disciplinary confines. In contrast, this collection of essays from leading academics and practitioners in the fields of criminal

justice public law international law international relations and legal philosophy offers a genuinely multidisciplinary perspective on the relationship between security and human rights In addition to exploring how the demands of security might be reconciled with the desire to protect established rights Security and Human Rights offers a fresh perspective on the broader legal and political challenges that lie ahead as states attempt to control crime prevent terrorism and protect their citizens
