David Wootton

Atheism From The Reformation To The Enlightenment

Richard Bailey

Atheism From The Reformation To The Enlightenment:

Atheism from the Reformation to the Enlightenment Michael Cyril William Hunter, David Wootton, 1992 The rise of atheism and unbelief is a key factor in the development of the modern world yet it has been relatively little explored by historians This book presents a series of studies of irreligious ideas in various parts of Europe during the two centuries following the Reformation

The Cambridge History of Eighteenth-century Philosophy Knud Haakonssen, 2006 This two volume set presents a comprehensive and up to date history of eighteenth century philosophy The subject is treated systematically by topic not by individual thinker school or movement thus enabling a much more historically nuanced picture of the period to be painted

Anti-Atheism in Early Modern England 1580-1720 Kenneth Sheppard, 2015-06-02 Atheists generated widespread anxieties between the Reformation and the Enlightenment In response to such anxieties a distinct genre of religious apologetics emerged in England between 1580 and 1720 By examining the form and the content of the confutation of atheism Anti Atheism in Early Modern England demonstrates the prevalence of patterned assumptions and arguments about who an atheist was and what an atheist was supposed to believe outlines and analyzes the major arguments against atheists and traces the important changes and challenges to this apologetic discourse in the early Enlightenment

The Oxford Handbook of the Bible in Early Modern England, c. 1530-1700 Kevin Killeen, Helen Smith, Rachel Judith Willie, 2015-08-27 The Bible was by any measure the most important book in early modern England It preoccupied the scholarship of the era and suffused the idioms of literature and speech Political ideas rode on its interpretation and deployed its terms It was intricately related to the project of natural philosophy And it was central to daily life at all levels of society from parliamentarian to preacher from the boy that driveth the plough famously invoked by Tyndale to women across the social scale It circulated in texts ranging from elaborate folios to cheap catechisms it was mediated in numerous forms as pictures songs and embroideries and as proverbs commonplaces and quotations Bringing together leading scholars from a range of fields The Oxford Handbook of the Bible in Early Modern England 1530 1700 explores how the scriptures served as a generative motor for ideas and a resource for creative and political thought as well as for domestic and devotional life Sections tackle the knotty issues of translation the rich range of early modern biblical scholarship Bible dissemination and circulation the changing political uses of the Bible literary appropriations and responses and the reception of the text across a range of contexts and media Where existing scholarship focuses typically on Tyndale and the King James Bible of 1611 The Oxford Handbook of the Bible in England 1530 1700 goes further tracing the vibrant and shifting landscape of biblical culture in the two centuries following the Reformation

Shapers of English Calvinism, 1660-1714 Dewey D. Wallace, 2011-05-30 Dewey Wallace tells the story of several prominent English Calvinist actors and thinkers in the first generations after the beginning of the Restoration illuminating the religious and intellectual history of the era between the Reformation and modernity

Contesting the English Polity, 1660-1688 Mark Goldie, 2023 What did people in

Restoration England think the correct relationship between church state should be And how did this thinking evolve Based on the author s published essays revised and updated with a new overarching introduction this book explores the debates in Restoration England about godly rule The book assesses some of the crucial transitions in English history how the late Reformation gave way to the early Enlightenment how Royalism became Toryism and Puritanism became Whiggism how the power of churchmen was challenged by virulent anticlericalism how the verities of divine right theory revived and collapsed Providing a distinctive account of English thought in the era between the two revolutions of the Stuart century Contesting the English Polity 1660 1688 discusses the ideological foundations of emerging party politics and the deep intellectual roots of competing visions for the commonwealth placing the power of religion and the taming of religion squarely alongside constitutional battles within secular politics

Hey Presto! Hugh Ormsby-Lennon, 2011-06-24 In this book the author reveals how medicine shows both ancient and modern galvanized Jonathan Swift s imagination and inspired his wittiest satiric voices Swift dubbed these multifaceted traveling entertainments his Stage itinerant or Mountebank s Stage In the course of arguing that the stage itinerant formed an irresistible model for A Tale of a Tub Ormsby Lennon also surmises that the mountebank s stage will disclose that missing link long sought which connects the twin objects of Swift s ire gross corruptions in both religion and learning In the early modern medicine show the quack doctor delivered a loquacious harangue infused with magico mysticism and pseudoscience high astounding promises and boastful narcissism To help him sell his panaceas and snake oil he employed a Merry Andrew and a motley troupe of performers From their stages many quacks also peddled their own books almanacs and other ephemera providing Grub Street with many of its best sellers Hacks practiced quite literally as quacks Merry Andrew and mountebank traded costumes whiskers and voices Swift apes them all in the Tale Published by University of Delaware Press Distributed worldwide by Rutgers University Press

Disguised and Overt Spinozism Around 1700 Wiep Van Bunge, W. N. A. Klever, 1996 This volume consists of 25 papers delivered at an international Spinoza conference held at the Erasmus University Rotterdam in October 1994 on the impact of Spinoza on the European Republic of Letters around 1700

The Pillars of Priestcraft Shaken J. A. I. Champion, 1992-03-12 First published in 1992 this book examines the intellectual confrontation between priest and Freethinker from 1660 to 1730 and the origins of the early phase of the Enlightenment in England Through an analysis of the practice of historical writing in the period Champion maintains that historical argument was a central component for displaying defences of true religion Taking religion and specifically defences of the Church of England after 1660 as central to the politics of the period the first two chapters of the book explore the varieties of clericalist histories arguing that there were rival emphases upon regnum or sacerdos as the font of true religion The remainder of the book examines how radical Freethinkers like John Toland or the third Earl of Shaftesbury set about attacking the corrupt priestcraft of established religion but also importantly promoted a reforming civil theology

Civil Religion in the Early Modern Anglophone World, 1550-1700 Adam Morton, Rachel

Hammersley, 2024 Civil Religion a tradition of political thought that has argued for a close connection between religion and the state made an important contribution to the development of religious and political thought at key moments of early modern British political and colonial history As this volume shows it was at work not just during the Enlightenment but within a much wider periodical framework the Reformation the rise of the Puritan movement the conflict over the Stuart state and church the English Revolution and the formation of key American colonies in the eighteenth century Advocates of Civil Religion tried to reconcile a national church with religious toleration and design a constitution capable of preventing the church from interfering with affairs of state The volume investigates the idea of Civil Religion in the works of canonical thinkers in the history of political thought Machiavelli Hobbes Locke and Rousseau in the works of those who have been recognized as shaping political ideas Hooker Prynne et al during this period and in the advocacy of those perhaps not previously associated with Civil Religion William Penn Although Civil Religion was often posited as a pragmatic solution to constitutional and ecclesiological problems created by the Reformation and the English Revolution they also reveal that such pragmatism was not at odds with religious conviction or ideals Civil Religion certainly enhanced citizenship in this period but it did so in ways which depended on the truth claims of Protestantism not on their domestication to politics

Thank you completely much for downloading **Atheism From The Reformation To The Enlightenment**. Most likely you have knowledge that, people have look numerous time for their favorite books considering this Atheism From The Reformation To The Enlightenment, but end up in harmful downloads.

Rather than enjoying a fine ebook like a cup of coffee in the afternoon, then again they juggled similar to some harmful virus inside their computer. **Atheism From The Reformation To The Enlightenment** is affable in our digital library an online admission to it is set as public thus you can download it instantly. Our digital library saves in multiple countries, allowing you to acquire the most less latency times to download any of our books like this one. Merely said, the Atheism From The Reformation To The Enlightenment is universally compatible taking into consideration any devices to read.
