Authentic Faith Heinz Eduard Todt, 2007-06 One of the twentieth century's best theological ethicists Heinz Eduard Todt personally experienced the struggle of Nazi Germany that so shaped Bonhoeffer Todt said that the further he went the closer he got to Bonhoeffer In Authentic Faith he clarifies major dimensions of Bonhoeffer's ethics with precision and enables us to enter personally into the political ecclesiastical and family context in which Bonhoeffer wrote Todt first discusses Bonhoeffer's theology and ethics formed during his own tumultuous time and then focuses on how they can inform and influence contemporary history Todt especially concerns himself with the present tasks in theology and in the church clearing a path for understanding our lives through theology's eyes and drawing us toward the ethical wisdom we need to navigate the ideological struggles of our own time Authentic Faith shows an understanding of Bonhoeffer's spirit that makes this book a must for the shelves of any Bonhoeffer scholar and all students of social and theological ethics Corporate Ethics for Turbulent Markets Oswald A. Reed, 2018-08-23 This volume frames the question of responsibility as a problem of agency in relation to the systems and structures of globalization According to Ricoeur responsibility is a shattered concept when considered too narrowly as a problem of act agency and individual freedom To examine this Esther Reed develops a short genealogy of

modern liberal and post liberal concepts of responsibility in order to understand better the relationship dominant modern framings of the meanings of responsibility Reed engages with writings by major modern Schleiermacher Hegel Marx Weber and post liberal Buber Levinas Derrida Badiou Butler Young Critchley theorists to illustrate the shift from an ethnic responsibility built on notions of accountability and attributions to an ethic responsibility that starts variously from the other Reed sees Dietrich Bonhoeffer as the most promising partner of this theological dialogue as his learning of responsibility from the risen Christ present now in the global church is a welcome provocation to new thinking about the meaning of responsibility learned from land distant neighbour global church and the bible Bonhoeffer's reflections on the centre boundaries and limits of responsibility remain helpful to Christian people struggling with an increasingly exhausted concept of accountability

Becoming Simple and Wise Joshua A. Kaiser, 2015-04-15 How does a Christian discern

the will of God While this question lies at the heart of the Christian moral life religious communities struggle to articulate responses that balance simple faith and rational reflection Some characterize discernment as simple obedience to the commandments in Scripture others portray it as an exercise of human reason and conscience Dietrich Bonhoeffer the German theologian pastor and political conspirator who embodied a life of discernment amidst difficult circumstances in WWII Germany offers a compelling theological account of how to seek and respond to God's will By tracing Bonhoeffer's understanding of moral discernment throughout his writings and especially in his *Ethics* Joshua Kaiser demonstrates the importance of discernment for Bonhoeffer's vision of Christian ethics and explores how his view combines elements of simple faith and rational reflection While the results of the study will be significant for those interested in Bonhoeffer they will also be relevant to all who struggle along the path of Christian discipleship
