Ignatius, 2025-04-25 You emerge from its pages as if from a top level security briefing confident that you have been let in on the deepest secrets Washington Post Someone in Pakistan is killing the members of a new CIA unit trying to buy peace with America's enemies It falls to Sophie Marx a young officer with a big chip on her shoulder to figure out who's doing the killing and why Unfortunately for Sophie nothing is quite what it seems This is a theater of violence and revenge in which the last act is one that Sophie could not have imagined *Sensational Movies* Birgit Meyer, 2015-10-16 Tracing the rise and

development of the Ghanaian video film industry between 1985 and 2010 *Sensational Movies* examines video movies as seismographic devices recording a culture and society in turmoil This book captures the dynamic process of popular filmmaking in Ghana as a new medium for the imagination and tracks the interlacing of the medium's technological economic social cultural and religious aspects Stepping into the void left by the defunct state film industry video movies negotiate the imaginaries deployed by state cinema on the one hand and Christianity on the other Birgit Meyer analyzes Ghanaian video as a powerful sensational form Colliding with the state film industry's representations of culture these movies are indebted to religious notions of divination and revelation Exploring the format of film as revelation Meyer unpacks the affinity between cinematic and popular Christian modes of looking and showcases the transgressive potential haunting figurations of the occult In this brilliant study Meyer offers a deep conceptually innovative analysis of the role of visual culture within the politics and aesthetics of religious world making **Lovecidal** Trinh T. Minh-ha, 2016-07-18 In this new work renowned

feminist filmmaker and postcolonial theorist Trinh T Minh ha offers a lyrical philosophical meditation on the global state of endless war and the violence inflicted by the imperial need to claim victory She discusses the rise of the police state as linked for example to U S military intervention in Iraq and Afghanistan or to China's occupation of Tibet examining legacies of earlier campaigns and the residual effects of the war on terror She also takes up the shifting dynamics of people's resistance to acts of militarism and surveillance as well as social media and its capacity to inform and mobilize citizens around the world

At once an engaging treatise and a creative gesture Lovecidal probes the physical and psychic conditions of the world and shows us a society that is profoundly heartsick Taking up with those who march both as and for the oppressed who walk with the disappeared to help carry them forward Trinh T Minh ha engages the spiritual and affective dimensions of a civilization organized around the rubrics of nonstop governmental subjugation economic austerity and highly technologized military conflict In doing so she clears a path for us to walk upon Along with our every step the world of the disappeared lives on
