The Steamheart Chronicles Kennedy, For seventeen year old Alexander Rosengrant peace was a luxury Wunderstrande could no longer afford The war had left gears rusted hearts broken and loyalties in ashes But when Alex discovers a hidden engine one said to be powered not by steam but by human will he is thrust into a conspiracy that could rewrite the laws of invention itself Haunted by the ghosts of soldiers and driven by the visions of his fallen friends Alex must navigate a world where machines breathe and secrets burn As the lines blur between science and sorcery invention and madness the greatest danger may not be the machines of war but the heart that fuels them In a city built on steam and sorrow courage is the only thing that still turns the gears **The Rodrigo Chronicles** Richard Delgado, 1996-10-01 Dubbed a pioneer of critical race theory Delgado offers a book of compelling conversations about race in America Richard Delgado is one of the most evocative and forceful voices writing on the subject of race and law in America today The New York Times has described him as a pioneer of critical race theory the bold and provocative movement that according to the Times will be influencing the practice of law for years to come In The Rodrigo Chronicles Delgado adopting his trademark storytelling approach casts aside the dense dry language so commonly associated with legal writing and offers up a series of incisive and compelling conversations about race in America Rodrigo a brash and brilliant African American law graduate has been living in Italy and has just arrived in the office of a professor when we meet him Through the course of the book the professor and he discuss the American racial scene touching on such issues as the role of minorities in an age of global markets and competition the black left the rise of the black right black crime feminism law reform and the economics of racial discrimination Expanding on one of the central themes of the critical race movement namely that the law has an overwhelmingly white voice Delgado here presents a radical and stunning thesis it is not black but white crime that poses the most significant problem in modern American life Chronicles of Oklahoma, 2011 **Conversations with Tim Gautreaux** L. Lamar Nisly, 2012-07-27 Louisiana writer Tim Gautreaux b 1947 writes fiction that mixes equal parts dry humor tall tales and deep tragedy His stories and novels of working class Acadiana portray lives of inimitably poignant love

loss and longing The depth and complexity of Gautreaux s writing invite scholarly appraisals as well as critics mine the richness of his moral vision These interviews reveal the intensity of his sense of place his deep connection to the mechanical and working world his commitment to the craft of writing and his Catholic view that has been shaped by Flannery O Connor and Walker Percy Conversations with Tim Gautreaux collects interviews from 1993 to 2009 with the author of The Missing The Clearing Welding with Children and many other vital works of fiction Readers who have been engaged with the themes in his stories and novels will find themselves equally taken with the kind and thoughtful voice they discover in interviews

Lucky Street Chronicles Lucas Rivera,2002 On the back cover submitted *Chronicles* ,2003 *Urban Narratives* David J. Connor,2008 Urban Narratives foregrounds previously silenced voices of young people of color who are labeled disabled Overrepresented in special education classes yet underrepresented in educational research these students the largest group within segregated special education classes share their perceptions of the world and their place within it Eight portraits in progress consisting of their own words and framed by their poetry and drawings reveal compelling insights about life inside and out of the American urban education system The book uses an intersectional analysis to examine how power circulates in society throughout and among historical cultural institutional and interpersonal domains impacting social academic and economic opportunities for individuals and expanding or circumscribing their worlds
