increasingly dynamic role of the English language in today's world. Especially in our country where English serves as the lingua franca, a grammar course has to offer not only an exposition of the pedagogy but also the exhibition of the utility of that pedagogy. The aim of a grammar series should be to encourage the development of competency amongst learners even though their proficiency levels may vary. While the level of exposure to English of all learners may be different, a grammar series should aid in the development of a certain level of confidence amongst the learners with the end result being that they are able to converse without hesitation in English.
