**Convention on International Civil Aviation** Ruwantissa Abeyratne, 2013-08-04 This book is both a repertory guide to the Convention on International Civil Aviation Chicago Convention as well as a legal analysis of the provisions of the treaty It traces action taken by the ICAO Assembly and the Council in the implementation of the Convention from the first ICAO Assembly in 1947 until 2012 Above all the book offers a commentary on the functional and moral fabric of the Chicago Convention which is not only a multilateral legal instrument that sets out basic principles of air navigation and air transport but also serves as a moral compass that brings the people of the world together The teleological nature of the Chicago Convention is reflected from the outset from its Preamble which sets the tone and philosophy of the Convention that aviation builds friendship and understanding among all people to its technical provisions that range from rules of the air to landing at airports and customs
