Atomic Iran How The Terrorist Regime Bought The Bomb And American Politicians:

Atomic Iran Jerome R. Corsi, 2005 Examines the nuclear threat that Iran poses to the world and its own people and argues that American politicians must be held accountable for their economic and diplomatic ties to the rogue regime

Nuclear Iran: The Birth of an Atomic State David Patrikarakos, 2020-12-17 The Iranian nuclear crisis has dominated world politics since the beginning of the century with the country now facing increasing diplomatic isolation talk of military strikes against its nuclear facilities and a disastrous Middle East war What is Iran's nuclear programme all about What is its genesis There is little real understanding of Iran's nuclear programme in particular its history which is now over fifty years old This ground breaking book is unprecedented in its scope It argues that the history of Iran's nuclear programme and the modern history of the country itself are irretrievably linked and only by understanding one can we understand the other From the programme's beginnings under the Shah of Iran the book details the central role of the US in the birth of nuclear Iran and through the relationship between the programme's founder and the Shah of Iran himself the role that nuclear weapons have played in the programme since the beginning The author's unique access to the father of Iran's nuclear programme as well as to key scientific personnel under the early Islamic Republic and to senior Iranian and Western officials at the centre of today's negotiations sheds new light on the uranium enrichment programme that lies at the heart of global concerns What emerges is a programme that has for a variety of reasons a deep resonance to Iran This is why it has persisted with it for over half a century in the face of such widespread opposition Drawing on years of research across the world David Patrikarakos has produced the most comprehensive examination of Iran's nuclear programme in all its forms to date **Who Really**

Killed Kennedy? Jerome Corsi, 2021-04-12 Almost nothing gives rise to more national intrigue than the murder of an American president And on November 22 2013 the nation remembered the 50th anniversary of one of the most traumatic events in modern American history the assassination of President John F Kennedy From day one the truth behind JFK's assassination has been mired in controversy and dispute The Warren Commission established just seven days after Kennedy's death delved into the who what when and where of the tragedy and over the course of the following year compiled an 889 page report that arrived at the now widely contested conclusion Lee Harvey Oswald was the sole assassin In **Who Really Killed Kennedy** No 1 New York Times best selling author Jerome R Corsi Ph D provides readers with the ultimate JFK assassination theory book *US Narratives of Nuclear Terrorism Since 9/11* David Seed, 2019-04-06 This study examines the US fiction and related films which makes a series of interventions in the cultural debate over the threat of nuclear terrorism It traces the beginnings of this anxiety from the 1970s which increased during the 1990s after the collapse of the Soviet Union The traumatic events of 9 11 became a major reference point for this fiction which expressed the fear that of a second and worse 9 11 The study examines narratives of conspiracies which are detected and forestalled and of others which lead to the worst of all outcomes nuclear detonations sometimes delivered by suitcase nukes In some of these narratives the

very fate of the nation hangs in the balance in the face of nuclear apocalypse The discussion considers cases of attacks by electromagnetic pulse EMP cyberterrorism and even bioterrorism Some of the authors examined are present or former politicians members of the CIA and former president Bill Clinton

Human Intelligence, Counterterrorism, and National Leadership Gary Berntsen, 2008-10-31 The next president of the United States faces innumerable complex problems from a possible prolonged recession to climate change An immediate difficulty for the president will be the global conflict between the West and Islamic jihadists and state sponsors of terrorism The creation of the Department of Homeland Security and the recommendations of the 9 11 Commission notwithstanding the administration needs to be armed and ready to tackle much more in the areas of intelligence and counterterrorism The president can and must assume a hands on informed leadership role if the United States wants to make progress in the war on terror Gary Berntsen has written this book as a guide for an incoming president and White House staff so that they may master current human intelligence and counterterrorism operations After reading its highly specific recommendations and policy prescriptions the president and his or her staff will be able to draft a First Directive for the leadership of the intelligence and national security communities outlining how the administration wants those communities to proceed and to defend the nation s interests Human Intelligence Counterterrorism and National Leadership will be of interest to legislators policymakers and anyone concerned about intelligence and terrorism policy With a foreword by Seth G Jones a political scientist at the RAND Corporation and Adjunct Professor in the Security Studies Program at Georgetown University He is the author of In the Graveyard of Empires America s War in Afghanistan and The Rise of European Security Cooperation

The Obama Nation Jerome R. Corsi, 2008-08-05 In this thoroughly researched and documented book the 1 New York Times bestselling co author of Unfit for Command Swift Boat Veterans Speak Out Against John Kerry explains why the extreme leftism of an Obama presidency would leave the United States weakened diminished and divided why Obama must be defeated and how he can be Barack Obama stepped onto the national political stage when the then Illinois State senator addressed the 2004 Democratic National Convention Soon after Obama was elected to the U S Senate author Jerome Corsi began researching Obama s personal and political background Scrupulously sourced with more than 600 footnotes The Obama Nation is the result of that research By tracing Obama s career and influences from his early years in Hawaii and Indonesia the beginnings of his political career in Chicago his voting record in the Illinois legislature his religious training and his adoption of Christianity through to his recent involvement in Kenyan politics his political advisors and fundraising associates and his meteoric campaign for president Jerome Corsi shows that an Obama presidency would in his words be a repeat of the failed extremist politics that have characterized and plagued Democratic Party politics since the late 1960s In this stunning and comprehensive new book the reader will learn about Obama s extensive connections with Islam and radical politics from his father and step father s Islamic backgrounds to his Communist and socialist mentors in Hawaii and Chicago to his long term and close associations

with former Weather Underground heroes William Ayers and Bernadette Dohrn associations much closer than heretofore revealed by the press Barack and Michelle's 20 year long religious affiliation with the black liberation theology of former Trinity United Church of Christ Reverend Jeremiah Wright whose sermons have always been steeped in a rage first expressed by Franz Fanon Stokely Carmichael and Malcolm X a rage that Corsi shows has deep meaning for Obama Obama's continuing connections with Kenya the homeland of his father through his support for the candidacy of Raila Odinga the radical socialist presidential contender who came to power amid Islamist violence and church burnings Obama's involvement in the slum landlord empire of the Chicago political fixer Tony Rezko who helped to bankroll Obama's initial campaigns and to purchase of Barack and Michelle's dream home property The background and techniques of the Obama campaign's cult of personality including the derivation of the words hope and change Obama's far left domestic policy his controversial votes on abortion his history of opposition to the Second Amendment his determination to raise capital gains taxes his impractical plan to achieve universal health care and his radical plan to tax Americans to fund a global poverty reduction program Obama's naive anti war anti nuclear foreign policy predicated on the reduction of the military the eradication of nuclear weapons and an overconfidence in the power of his personality as if belief in change alone could somehow transform international politics achieve nuclear weapons disarmament and withdrawal from Iraq without adverse consequences for us for the Iraqis or for Israel Meticulously researched and documented The Obama Nation is the definitive source for information on why and how Barack Obama must be defeated not by invective and general attacks but by detailed arguments that are well researched and fact based

Iran and Nuclear Weapons Saira Khan, 2009-09-25 This book investigates what is driving Iran's nuclear weapons programme in a less hostile regional environment using a theory of protracted conflicts to explicate proliferation Iran's nuclear weapons program has alarmed the international community since the 1990s but has come to the forefront of international security concerns since 2000 This book argues that Iran's hostility with the United States remains the major causal factor for its proliferation activities With the US administration pursuing aggressive foreign policies towards Iran since 2000 the latter's security threat intensified A society that is split on many important domestic issues remained united on the issue of nuclear weapons acquisition after the US war in Iraq Consequently Iran became determined in its drive to acquire nuclear weapons and boldly announced its decision to enrich uranium leaving the US in no doubt about its nuclear status This book underscores the importance of protracted conflicts in proliferation decisions and underpinning this is the assumption that non proliferation may be achieved through the termination of intractable conflicts The aims of this work are to demonstrate that a state's decision to acquire nuclear weapons depends largely on its engagement in protracted conflicts which shows not only that the presence of nuclear rivals intensifies the nuclear ambition but also that non nuclear status of rival states can promote non proliferation incentives in conflicting states inclined to proliferate This study will be of great interest to students of Iran Middle Eastern politics nuclear proliferation and international relations theory Saira Khan is a
