Archaeology Essentials Theories Methods And Practice Second Edition:

Archaeology Essentials Colin Renfrew, Paul G. Bahn, 2007 An abridged version of the bestselling textbook on what archaeologists do and how they do it *Radiocarbon Dating, Second Edition* R.E. Taylor, Ofer Bar-Yosef, 2014 This volume is a major revision and expansion of Taylor's seminal book *Radiocarbon Dating An Archaeological Perspective* again providing a benchmark for the method and critically reflecting on the data that underpins the chronologies used to understand the prehistoric archaeological record **Archaeology Essentials** Colin Renfrew, Paul G. Bahn, 2020 **Handbook of Space Engineering, Archaeology, and Heritage** Ann Darrin, Beth L. O'Leary, 2009-06-26 Some might think that the 27 thousand tons of material launched by earthlings into outer space is nothing more than floating piles of debris However when looking at these artifacts through the eyes of historians and anthropologists instead of celestial pollution they are seen as links to human history and heritage *Space The New Frontier for Archaeology* **Engaging Archaeology** Stephen W. Silliman, 2018-01-26 Bringing together 25 case studies from archaeological projects worldwide *Engaging Archaeology* candidly explores personal experiences successes challenges and even frustrations from established and senior archaeologists who share invaluable practical advice for students and early career professionals engaged in planning and carrying out their own archaeological research With engaging chapters such as *How Not to Write a PhD Thesis on Neolithic Italy* and *Accidentally Digging Central America's Earliest Village* readers are transported to the desks digs and data labs of the authors learning the skills tricks of the trade and potential pit falls of archaeological fieldwork and collections research Case studies collectively span many regions time periods issues methods and materials From the pre-Columbian Andes to Viking Age Iceland North America to the Middle East Medieval Ireland to remote north Australia and Europe to Africa and India *Engaging Archaeology* is packed with rich first-hand source material Unique and thoughtful Stephen W. Silliman's guide is an essential course book for early stage researchers advanced undergraduates and new graduate students as well as those teaching and mentoring It will also be insightful and enjoyable reading for veteran archaeologists **Archaeology Essentials** Paul Bahn, Colin Renfrew, 2018-10 Retaining its hallmark concision and authoritative presentation of the most recent breakthrough discoveries methods and interpretations the Fourth Edition sets a new standard for learning support To provide even greater student engagement the book is supported by two new and important resources an *Active Archaeology Notebook* with 20 class-tested activities and *InQuizitive for Archaeology* an engaging adaptive learning tool that strengthens concept mastery and application *Archaeological Chemistry* A Mark Pollard, Carl Heron, Ruth Ann Armitage, 2020-08-28 The use of chemistry in archaeology can help archaeologists answer questions about the nature and origin of the many organic and inorganic finds recovered through excavation providing valuable information about the social history of humankind This textbook tackles the fundamental issues in chemical studies of archaeological materials Examining the most widely used analytical techniques in archaeology the third edition of this comprehensive textbook features a new chapter on proteomics

capturing significant developments in protein recognition for dating and characterisation The textbook has been updated to encompass the latest developments in the field The textbook explores several archaeological investigations in which chemistry has been employed in tracing the origins of or in studying artefacts and includes chapters on obsidian ceramics glass metals and resins It is an essential companion to students in archaeological science and chemistry as well as to archaeologists and those involved in conserving human artefacts

Suicide Risk Assessment and Prevention

Maurizio Pompili, 2022-12-19 This book explores suicide prevention perspectives from around the world considering both professionals points of view as well as first person accounts from suicidal individuals Scholars around the globe have puzzled over what makes a person suicidal and what is in the minds of those individuals who die by suicide Most often the focus is not on the motives for suicide nor on the phenomenology of this act but on what is found from small cohorts of suicidal individuals This book offers a tentative synthesis of a complex phenomenon and sheds some light on models of suicide that are less frequently encountered in the literature Written by international experts it makes a valuable contribution to the field of suicidology that appeals to a wide readership from mental health professionals to researchers in suicidology and students
