Pushup Central - the TIPS! Rahul Mookerjee,2023-04-17 **DISCLAIMER** As with my other course Pushup Central and every thing else I teach in all my businesses products books courses and manuals be damn sure you re in good physical health before attempting the exercises in this course Now these exercises will GET you into the best shape of your life if you

aren't already but what I am saying is don't just jump from a perch on the sofa to Everest as I state in my other books work up to everything All in dew time as a person recently told me so it works for life fitness everything else Second read these tips not in place of but WITH those in Pushup Central The author is not a medical professional although he has more and useful practical knowledge than most actual medical professional will let on beyond the facade of repeated hospital visits to fatten their wallets and he promises if you DO the thing your abdomen will have the exact opposite impact All puns aside though I Was serious there the advice in book does not take place of that dispensed by a qualified medical professional contact your doctor or medical provider if you have any doubts stop if you experience actual pain and so forth I hate to have to say all this but I do With that said onward INTRODUCTION and why I wrote this book Phew that was a long intro wasn't it or disclaimer So I'll keep it short here no pun intended or I'll TRY and keep it short Basically many of the same reasons I wrote Pushup Central I.e pushups being the mainstay of any serious fitness enthusiast's routine yet being roundly ignored by most folks dispelling the they're too easy or too boring B.S. you keep hearing about them anyone that says that is an utter fool that hasn't done 'em right or has no clue on how to how they only build endurance WRONG Ask Mike Tyson Herschel Walker Ken Shamrock and a host of other illuminaries for one even better DO 'em yourself and you'll see and even if that's all they built what most people need today is a dose of Energizer Bunny if you get my drift what with all the I'm always sick or tired nonsense going on because pushups build every part of your body and turn you into an IRON being literally INDESTRUCTIBLE as a reader wrote in about Pushup Central Because they build a core of steel the grip of Cain and more you've always wanted legs like pillars yes they reduce fat SMELT fat in record time I should say yada nada schnada And more and either go to the benefits portion of this book or in Pushup Central and you'll read more I could literally wax lyrical all day on this Point being though the same two reasons why I despite not liking them too much do a lot of videos It's nigh impossible to put all your knowledge in one book Even if you write that book for years you keep learning the day you put out the book is the day you learn something new and that's how it is you NEVER stop learning As I said in 0 Excuses Fitness that is as close to true mastery as you can get if you were to ask the great Bruce Lee that he'd tell you the same thing too And the same thing goes with non videos Hence an FAQ on pull ups and handstand pushups Hence Gorilla Grip TIPS And hence this book In it you'll find ignored forgotten but EXTREMELY valuable gems nuggets of info that will add to what you learn in Pushup Central and if used correctly they will SKYROCKET your gains beyond belief Perhaps that's why the benefits section in this book is longer than in Pushup Central In the trenches learning is the best learning anyone can hope to receive from the school of HARD knocks or hard workouts And that's the style I bring this to you in as with all my other writing Don't just READ these tips and forget about 'em Don't just implement them once and forget about 'em They deserve to be in your mind every time you knock out a pushup workout or even a set they're that important and you'll soon see why once you start implementing That said onward BENEFITS YOU'LL GET FROM NOT JUST READING but IMPLEMENTING what is taught in
