Archie Tropes:

Polyptych: Adaptation, Television, and Comics Reginald Wiebe, 2021-09-07 Through each of its chapters *Polyptych* Adaptation Television and Comics examines the complex dynamics of adapting serialized texts The transmedial adaptation of collaborative and unstable texts does not lend itself to the same strategies as other more static adaptations such as novels or plays Building off the foundational work of Linda Hutcheon and Gerald Genette *Polyptych* considers the analogy of adaptation as a palimpsest a manuscript page that has been reused leaving traces of the previous work behind as needing to be reevaluated A polyptych is a multi panel artwork and provides a new model for analyzing how adaptation works when translating collaborative and unstable texts Given that most television and comic books are episodic and serialized and considering that both media are also the cumulative work of many artists this book offers a series of distanced readings to reassess how adaptation works in this field Comic book adaptations on television are plentiful and are nearly completely ignored in critical discussions of adaptation This collection focuses on texts that fall outside the most common subjects of study among the corpus and contributes to expanding the field of inquiry The book features texts that are subjects of previous academic interest as well as studies of texts that have never before been critically considered It also includes an appendix that provides the first list of comic book adaptations on North American television *Polyptych* is a unique and timely contribution to dynamic and growing fields of study The book will be of interest to scholars and researchers in the fields of Comic Studies Adaptation Studies and Critical Media Studies more broadly as well as to students undertaking courses on these subjects It will also appeal to comic book and pop culture fans who wish to expand their knowledge on the subject

From the Critic's Workbench Marianne Shapiro, 2005 This book comprises twenty two chapters including previously unpublished material written over the entire span of Marianne Shapiro's working life Its opening section on the European heritage begins with a long essay on the Aeneid that breaks new interpretative ground by examining the epic from the perspective of Virgil's implicit prescriptions for leaders and leadership Chapters on Dante add to the store of knowledge on his minor works as well as the Comedy and are followed by close readings of Petrarch and Provençal poetry The American and comparative literature section features an analysis of John Ashbery's *New Spirit* and a page by page commentary on Nabokov's *Lolita* and Pnin The book is rounded out by three chapters in a semiotics section the highlight of which is an analysis of the Christian Trinity based on a deep understanding of Peirce's sign theory

Bart Beaty, 2017-05-31 For over seventy five years Archie and the gang at Riverdale High have been America's most iconic teenagers delighting generations of readers with their never ending exploits But despite their ubiquity Archie comics have been relatively ignored by scholars until now *Twelve Cent Archie* is not only the first scholarly study of the Archie comic it is an innovative creative work in its own right Inspired by Archie's own concise storytelling format renowned comics scholar Bart Beaty divides the book into a hundred short chapters each devoted to a different aspect of the Archie comics Fans of the comics will be thrilled to read in depth examinations of their favorite characters and motifs including individual chapters devoted to Jughead's hat and Archie's sweater vest But the book also has plenty to interest newcomers to Riverdale as it recounts the behind the scenes history of the comics and analyzes how Archie helped shape our images of the American teenager As he employs a wide range of theoretical and methodological approaches Beaty reveals that the Archie comics themselves were far more eclectic creative and self aware than most critics recognize Equally comfortable considering everything from the representation of racial diversity to the semiotics of Veronica's haircut *Twelve Cent Archie* gives a fresh appreciation for America's most endearing group of teenagers **Narrative as Rhetoric** James Phelan, 1996 The rhetorical theory of narrative that emerges from these investigations emphasizes the recursive relationships between authorial agency textual phenomena and reader response even as it remains open to insights from a range of critical approaches including feminism psychoanalysis Bakhtinian linguistics and cultural studies The rhetorical criticism Phelan advocates and employs seeks above all to attend carefully to the multiple demands of reading sophisticated narrative for that reason his rhetorical theory moves less toward predictions about the relationships between techniques ethics and ideologies and more toward developing some principles and concepts that allow us to recognize the complex diversity of narrative art *Ars Semeiotica*, 1980 Modern Sentimentalism Lisa Mendelman, 2019-12-17 *Modern Sentimentalism* examines how American female novelists reinvented sentimentalism in the modernist period Just as the birth of the modern woman has long been imagined as the death of sentimental feeling modernist literary innovation has been understood to reject sentimental aesthetics *Modern Sentimentalism* reframes these perceptions of cultural evolution Taking up icons such as the New Woman the flapper the free lover the New Negro woman and the divorcee this book argues that these figures embody aspects of a traditional sentimentality while also recognizing sentiment as incompatible with ideals of modern selfhood These double binds equally beleaguer the protagonists and shape the styles of writers like Willa Cather Edith Wharton Anita Loos and Jessie Fauset *Modern sentimentalism* thus translates nineteenth century conventions of sincerity and emotional fulfillment into the skeptical self conscious modes of interwar cultural production Reading canonical and under examined novels in concert with legal briefs scientific treatises and other transatlantic period discourse and combining traditional and quantitative methods of archival research *Modern Sentimentalism* demonstrates that feminine feeling far from being peripheral to twentieth

century modernism animates its central principles and preoccupations *The Binge Watcher's Guide to Riverdale* Melissa Ford Lucken, 2021-04 Busted families broken hearts secrets and corruption are the lifeblood of The CW's gothic horror series Riverdale The show is based on the original Archie comics but this sinister town is a far cry from the wholesome anyplace USA depicted in 80 years of the teen adventures featuring Archie Jughead Betty Veronica and the rest of the gang This Riverdale is an otherworldly ominous place where enigmatic parents and cunning town leaders hide wicked secrets while teens struggle to survive The Riverdale gang face the definitive dilemma good vs evil They fight ghouls a cult leader a serial killer and each other all while sporting inspiring outfits and photo ready hair Great music the occasional Vixens cheer dance off and too steamy for high school sex scenes add an undeniable layer of watchability to the fan favorite show This bestselling Binge Watcher's Guide will get you through all seven seasons Keep the book beside you while binging the trivia quotes and episode commentaries will inform and entertain Want more The literary analysis connection to the comics and resources have you covered **Betty and Veronica** Tim Hanley, 2020-07-06 We think we know Betty and Veronica but we don't Far more than just Archie's girlfriends the girls have grown beyond simple archetypes to become compelling relevant characters for each new generation over the past eighty years Betty Veronica and the rest of the Riverdale gang appear to be frozen in time in Archie comic books They are perpetual high schoolers recycling the same basic plotlines over and over in their wholesome small town American world However there is much more to Betty and Veronica than the broad stereotypes and clichéd storytelling suggests In *Betty and Veronica The Leading Ladies of Riverdale* Tim Hanley explores the complexity behind these two iconic characters We know Betty and Veronica as Archie's girlfriends but that's just the beginning they are their own women with evolving motivations and aims From fighting over Archie to tackling women's lib to chasing down serial killers on Riverdale their friendship has endured and grown through decades of shifting characterizations and social change Exploring their past offers unique insights into the ways life has progressed for young women over the past eighty years and shows us the hidden strengths and secret depths of these pop culture icons Featuring full color comic book cover art that spans nearly eight decades of publishing along with behind the scenes accounts of creative decisions and historical insights into their many incarnations across various media this book provides a vibrant exploration of Betty and Veronica's many adventures throughout their long intriguing journey in popular culture *Witchcraft and Adolescence in American Popular Culture* Miranda Corcoran, 2022-06-15 The first book length study of witchcraft and adolescence in American popular culture Will provide readers with a comprehensive overview of teenage witches in literature media Uses a novel theoretical framework Foucauldian and Deleuzian theory new materialism theories of embodiment Adds a new perspective to a topic female monstrosity dominated by psychoanalytical theory Studies a diverse range of texts film television literary and popular fiction comics YA fiction Will appeal to scholars of feminism media history girlhood studies horror the Gothic etc
