Bi Normal Gravel Road:

That Selfie Girl High Linda Oatman, 2015-12-09 Themes Realistic Fiction Poetry Verse Texting and Driving Death Heaven Teen Young Adult Hi Lo Hi Lo Books Hi Lo Solutions High Low Books Hi Low Books ELL EL ESL Struggling Learner Struggling Reader Special Education SPED Newcomers Reading Learning Education Educational Educational Books Macy is dead Selfies while driving never end well She knows it now suckstobeme And she has unfinished business Her friend Ryan is planning to shoot up the school But the afterlife is so unexpected She gets distracted Who knew she would find love Just like prose a novel in verse tells a story But verse is unique because readers access the text through short chapters or poems The varying lengths of the chapters are ideal for a struggling reader giving them breaks to collect their thoughts to imagine the characters in their mind s eye and to set the scene like a frame in a movie The structure of poetry makes the books appear less intimidating with plenty of airy white space Moreover the depth and substance conveyed in verse is every bit as deep and real as in a Gravel Road prose novel *I'm Just Me*. M.G. FatherSonFather Evan Jacobs, 2015-10-01 THEMES Fathers and Sons Transgender Prejudice Death of a Parent Jeff knew his dad wouldn t live forever But he had already lost his mom It would be too unfair The 9 1 1 call was shocking The hospital impersonal When his dad improved he was transferred to a rehabilitation facility There a transgender nurse took over his care Jeff was appalled But slowly his admiration for her grew Bisexuality in Education Maria Pallotta-Chiarolli, 2017-10-02 Although many schools and educational systems from elementary to tertiary level state that they endorse anti homophobic policies pedagogies and programs there appears to be an absence of education about and affirmation of bisexuality and minimal specific attention paid to bi phobia Bisexuality appears to be falling into the gap between the binary of heterosexuality and homosexuality that informs anti homophobic policies programs and practices in schools initiatives such as health education sexuality education and student welfare These erasures and exclusions leave bisexual students family members and educators feeling silenced and invisibilized within school communities Also absent is attention to intersectionality or how indigeneity gender class ethnicity rurality and age interweave with bisexuality Indeed as much research has shown erasure exclusion and the absence of intersectionality have been considered major factors in

bisexual young people family members and educators in school communities experiencing worse mental emotional sexual and social health than their homosexual or heterosexual counterparts This book is the first of its kind providing an international collection of empirical research theory and critical analysis of existing educational resources relating to bisexuality in education Each chapter addresses three significant issues in relation to bisexuality and schooling erasure exclusion and the absence of intersectionality From indigenous to rural schools from tertiary campuses to elementary schools from films to picture books as curriculum resources from educational theory to the health and wellbeing of bisexual students this book s contributors share their experiences expertise and ongoing questions This book was originally published as a special issue of the Journal of Bisexuality
