Bigfoot Evidence I Cannot Deny It:

Bigfoot Exposed David J. Daegling, 2004-10-22 The myth of Bigfoot has captured the popular imagination since the creature's first public debut in 1958 numerous citations of evidence newspaper articles books hysterical personal accounts and even Hollywood movies illustrate the American public's enduring romance with the Sasquatch The scientific community on the whole however has stubbornly refused to comment on what it views as a very tall tale though Bigfoot's existence continues to be hotly argued between proponents of the beast and its skeptics Now biological anthropologist and primate physiology specialist David J Daegling enters the fray to offer both sides of the dispute benefit of objective scientific study A well crafted read *Bigfoot Exposed* will prove to be as much a model of scientific method for anthropologists and researchers as it is an engaging and persuasive debunking of the myth of Bigfoot *Top Secret Sasquatch* Lisa A. Shiel, 2012-02-23 Hairy monsters Flying saucers Shattered bones Bloody scraps of hair and skin The world is a far stranger place than the scientific establishment or even the people who study the unexplained want you to believe Bigfoot expert Lisa A Shiel examines all the evidence from DNA to eyewitness sightings in this compelling and meticulously researched book Peek behind the curtains of disinformation and explore the sensational truth about Bigfoot from its connections with UFOs and other bizarre phenomena to the forbidden possibility that we may already have the bones of Sasquatch Don't be left out get your copy of *Top Secret Sasquatch* today An updated version of this text is available as part of the book *Forbidden Bigfoot*

Bigfoot Chronicles Mike Quast, 2021-11-19 In this book I will present a memoir of the continuation of a Minnesota Bigfoot researcher's 30 year journey since the publication of my last books as well as my thoughts and observations on other aspects of the whole Bigfoot field There is a chapter on the Minnesota Iceman case which actually has only a tenuous connection to the state but which I felt it my responsibility to investigate and also one on the famous California Patterson Gimlin film which I am fascinated with and have delved into because of my deep interest in Bigfoot photos and films even though I am an outsider I hope you the reader will both enjoy this account and be able to learn something *Lower Alabama Bigfoot* Ashley R. McPhaul, 2022-01-31 In two neighboring Alabama counties each with several sleepy communities hunters are being run out of the swamps farmers are having their livestock threatened and mauled and locals are hearing unearthly screams and howls To have so many reports from one small area seems unusual but that's what is happening in lower Alabama This book is a journey into those reports What started with a roadside crossing that made the local newspaper and a local radio station morning show quickly escalated into Evergreen being named the Bigfoot Capital of Alabama People have started talking about their own experiences and no one including the author could have foreseen all the stories that were out there There are Bigfoot reports from all over the world and there have been many movies and books written The uniqueness of this book is that most of the terrifying stories are within 30 miles of each other Many are within 10 miles Bigfoot is no longer just a myth in lower Alabama Bigfoot Rupert Matthews, 2008-09-30 Bigfoot Sasquatch Yowie Yeti the idea that

monstrous man apes lurk in the remote forests and high mountain valleys of the world is an enduring and popular one. Hardly a week goes by without some report of a fresh encounter. In 1793 the Boston Gazette reported a sighting of what the Cherokee call a chickly cuddly or hairy man thing. In 1818 the Watchman recorded the visit of a Wild Man of the Woods. Ever since hundreds of eyewitness accounts of a giant elusive beast that stands upright on its hindlegs have come flooding in. One creature was seen trying to catch a calf in a farmer's field; a group of them used rocks to pound the walls of a remote cabin. More recently four teenagers in rural America were startled when a huge hairy creature landed on the roof of their car. Complete with remarkable photos and illustrations, *Bigfoot* takes a fresh look at the man apes reported to exist in North America, South America, Australia, the Himalayas, and Central Asia. It examines historic sightings as well as up-to-date ones and poses the crucial question: are they really out there?

Bigfoot Matthew Johnson, 2017-04-01 Although the Bigfoot phenomena has fascinated humanity around the world throughout history, the Patterson-Gimlin film shot in 1967 most certainly caught the world's attention like never before. However, what most people don't know is that the famous film also kicked off a carefully thought-out game plan implemented by the Bigfoot Forest People in order to accomplish a life-saving agenda. Regarding the Bigfoot Forest People, there are never any accidents. They do everything with intention and purpose. On July 1, 2000, Dr. Matthew A. Johnson and his family encountered a Bigfoot on the mountain above the Oregon Caves National Park. Since that world-famous encounter occurred, Dr. Johnson spent sixteen years of his life pursuing the Bigfoot Forest People with persistence and relentless commitment. He transitioned from an aggressive Old School paparazzi money shot researcher to a habituator and on to an interactionist. *Bigfoot: A Fifty Year Journey Come Full Circle* ties several stories and experiences together to help explain who the Bigfoot Forest People are, where they come from, and why they're here. In short, there is no other Bigfoot book out there like this one. You are one hundred percent guaranteed that this book will overwhelm you with the truth and promises to blow your mind in the process. The Bigfoot research community is going to change in a major positive direction.

Backyard Phenomena Lisa A. Shiel, 2013-02-04 First came *Backyard Bigfoot*, the groundbreaking book that included the first documented evidence for the stick sign phenomenon. Now Lisa A. Shiel, the author of that popular and controversial book, invites you to unlock the doors of Bigfoot research once again and explore the secrets other researchers don't want you to know. Brand new research offers a compelling and comprehensive look at the phenomena that challenge everything we thought we knew about Sasquatch, from stick signs and mane braiding to mysterious glowing orbs. Don't miss out; grab a copy of *Backyard Phenomena* today. An updated version of this text is available as part of the book *Forbidden Bigfoot*.

The Making of Bigfoot Greg Long, 2004-03 Bigfoot. Huge, hairy, foul-smelling, this legendary ape-like animal continues to captivate the public's imagination. This fascination hinges on a single piece of motion picture film shot in northern California in 1967. For thirty-five years, Bigfoot believers have been convinced that this sixty-second piece of film proves the physical reality of Bigfoot. But now comes a book that demolishes that belief, that produces final proof that the film

footage is a hoax The Making of Bigfoot tells the amazing story of Roger Patterson of Yakima Washington A part time rodeo rider chronically unemployed and dying of cancer Patterson propelled himself into short lived fame and fortune by exploiting his obsession with the Bigfoot subject and leveraging his expertise in manipulating and conning people to pull off one of the world s great hoaxes Living within two hours of Patterson s hometown for three years paranormal investigator and author Greg Long interviewed more than forty witnesses in Yakima who knew Patterson intimately The voices of these witnesses combined with facts unearthed from newspaper archives books and court documents tell the real story of Roger Patterson Both tragic and comical a unique slice of Americana The Making of Bigfoot captures the testimony of a colorful cast of characters who bring to life a man and a time in the 1960s when Bigfoot strode into the American imagination and the world embraced a myth
