Biblical Women Unbound Biblical Women Unbound:

Biblical Women Unbound Norma Rosen, 2010-01-01 Rosen gives a new voice to more than a dozen women of the Bible She imagines and writes the missing chapters of these women's lives in a witty and engaging collection of stories In addition she introduces the book with a lively essay about classical Midrash its relationship to fiction and the imagination and the possibilities for new midrashim written for and about women **Lady Parts** Kathryn D. Blanchard, Jane S.

Webster, 2012-11-13 How might women in the Bible tell their stories if they were prompted to do so by Eve Ensler's controversial play *The Vagina Monologues* This collection imagines some answers to that question The monologues herein are written by a variety of authors including scholars undergraduates clergy and laywomen the content of the narratives reflects this variety being at times faithful or irreverent tragic or even funny All seek to give twenty first century voices to women in canonical texts including the Hebrew Bible Deuterocanonical books and New Testament who are often speechless nameless or otherwise marginalized Not for the faint of heart these monologues not only end the silences but also add flesh and bone to characters whose experiences have too easily been justified metaphorized or altogether ignored By naming the torn places in these women's stories this volume invites readers to encounter both the biblical characters and their contemporary interpreters with an attitude of compassionate listening Our hope is that such compassionate listening may contribute not only to more just readings of sacred texts but also to the mission of Eve Ensler and *Vagina* to end global violence against women and girls **Daughters of the Desert** Claire Rudolf Murphy, Megha Nuttall Sayres, Mary Cronk

Farrell, Sarah Conover, Betsy Wharton, 2012-05-02 How would the most cherished stories of Christianity Judaism and Islam be different if women were the active central figures This ground breaking collection of short stories brings to life the women daring brave thoughtful and wise who played important and exciting roles in the early days of Judaism Christianity and Islam Join Esther as she stands against injustice and her king to save her people Aisha as she leads hundreds of men into terrifying battle and Mary as she and Elizabeth dream of the new lives growing inside them How must Sarah have felt turning Hagar out into the desert And how must Hagar have felt traveling from the safety and security of Abraham's land toward an uncertain future These stories invite us to come to know and appreciate the struggles and triumphs of these women mothers daughters believers and seekers *Telling the Little Secrets* Janet Handler Burstein, 2006-03-01 Janet Burstein argues that

American Jewish writers since the 1980s have created a significant literature by wrestling with the troubled legacy of trauma loss and exile Their ranks include Cynthia Ozick Todd Gitlin Art Spiegelman Pearl Abraham Aryeh Lev Stollman Jonathan Rosen and Gerda Lerner Whether confronting the massive losses of the Holocaust the sense of home in exile or the continuing power of Jewish memory these Jewish writers search for understanding within the little secrets of their dark complicated and richly furnished past *Edinburgh Companion to the Bible and the Arts* Stephen Prickett, 2019-08-07

Examines the changing relationship between the Bible and the arts showing how the arts portray biblical stories in various

ways and through various media and how the Bible is actually multiple entities fiercely contested translations in many languages Generously illustrated with examples including painting architecture and stained glass *Studies in American Jewish Literature in Honor of Sarah Blacher Cohen* Carole Kessner, Ann Shapiro, Daniel Walden, 2010 Scholar teacher playwright and editor Sarah Blacher Cohen was one of the earliest champions of the study of American Jewish literature a field of academic study that has been in existence for barely thirty five years Over the years until her premature death in 2008 she contributed to the discipline in a profusion of genres from scholarly to popular from essay to drama writing or editing seven books of her own She also wrote and produced several plays with her longtime collaborator Joanne B Koch This special volume 29 of the annual *Studies in American Jewish Literature* ISSN 0271 9274 the journal edited by Daniel Walden contains a range of tributes from her many friends and colleagues *Helpmates, Harlots, and Heroes, Second Edition* Alice Ogden Bellis, 2007-07-03 This best selling book now revised and updated shares the work of many feminist biblical scholars who have examined women s stories for several years These stories are powerful accounts of women in the Old Testament stories that have profoundly affected how women understand themselves as well as men s perception of them Here Alice Bellis shares the research of feminist biblical scholarship during a quarter of a century which renders a vast amount of refreshing exciting sometimes disturbing material *The Jewish Book of Days* Jill Hammer, 2010-01-01 Throughout the ages Jews have connected legends to particular days of the Hebrew calendar Abraham s birth the death of Rachel and the creation of light are all tales that are linked to a specific day and season The Jewish Book of Days invites readers to experience the connection between sacred story and nature s rhythms through readings designed for each and every day of the year These daily readings offer an opportunity to live in tune with the wisdom of the past while learning new truths about the times we live in today Using the tree as its central metaphor The Jewish Book of Days is divided into eight chapters of approximately forty five days each These sections represent the tree s stages of growth seed root shoot sap bud leaf flower and fruit and also echo the natural cadences of each season Each entry has three components a biblical quote for the day a midrash on the biblical quote or a Jewish tradition related to that day and commentary relating the text to the cycles of the year The author includes an introduction that analyzes the different months and seasons of the Hebrew calendar and explains the textual sources used throughout Appendixes provide additional material for leap years equinoxes and solstices A section on seasonal meditations offers a new way to approach the divine every day *Christian Women and Modern China* Li Ma, 2021-01-28 *Christian Women and Modern China* presents a social history of women pioneers in Chinese Protestantism from the 1880s to the 2010s The author interrupts a hegemonic framework of historical narratives by exploring formal institutions and rules as well as social networks and social norms that shape the lived experiences of women This book achieves a more nuanced understanding about the interplays of Christianity gender power and modern Chinese history It reintroduces Chinese Christian women pioneers not only to women s history and the history of Chinese Christianity but also to the history of global

Christian mission and the global history of many modern professions such as medicine education literature music charity journalism and literature **The Blackwell Companion to Judaism** Jacob Neusner, Alan Avery-Peck, 2008-04-15 This Companion explores the history doctrines divisions and contemporary condition of Judaism Surveys those issues most relevant to Judaic life today ethics feminism politics and constructive theology Explores the definition of Judaism and its formative history Makes sense of the diverse data of an ancient and enduring faith
