Blue Collar Conservatives Recommitting To An America That Works:

Blue Collar Conservatives Rick Santorum, 2014-04-28 Before Donald Trump successfully mobilized millions of blue collar Americans with his campaign to reclaim America Rick Santorum was trying to convince his fellow Republicans that it was time to return to the party's original values the values of blue collar conservatives In this powerful book that helped inspire President Elect Trump's winning message to voters Santorum calls out Republican establishment leaders for pandering to business owners at the expense of everyone else Republicans need to regain the trust of the hard working members of every family church and community across America whose most immediate problems are lack of jobs and opportunity No more pandering No more ignoring those left behind by globalization No more broken promises to the frustrated middle class We re-entering a brand new era of conservative politics and Rick Santorum's *Blue Collar Conservatives* shows us the way forward

Making Government Work Tan Parker, 2020-09-29 *Making Government Work* A Conservative Agenda for the States is an updated version of the highly acclaimed 1994 original book It serves as a modern day guide for how as Americans we can move the states forward with common sense conservative public policy initiatives to benefit the Nation as a whole *Making Government Work* is a reminder that conservative reforms set the stage for unprecedented prosperity The book contains a star-studded line up of some of today's most powerful voices including Nikki Haley Chuck Norris Rick Perry Kathy Ireland Rick Santorum Chad Hennings Jeb Bush Dr Art Laffer and Bob Woodson along with many more *Making Government Work* is for state government what the Contract with America was for the federal government It is a sensible fact-based plan to create a better future through the application of sound principles Newt Gingrich former Speaker of the House The author's proceeds from the book will be donated to organizations that serve America's veterans

The Trickle-Down Delusion

John Seip, Dee Wood Harper, 2016-05-02 From inside the book Since 1980 the economy has been growing and productivity has been growing but trickle down values that we the American people promote pursuant to the Republican Party's conservative ideology have rigged the economy to continuously upwardly redistribute those revenues attributable to our increased productivity yielding a productivity wage disconnect resulting in increased concentration of income and wealth at the top in corporations and among older Americans beneficiaries of income from Social Security pensions and investments and continuing income due to delaying retirement and the lowest percentage of GDP attributable to wages and highest attributable to profits since World War II But trickle down has not only distorted our economic thought it has also distorted our political thought our sociology and our concept of the rule of law The result has been that the trickle down policies promoted by the Republican Party are undermining our economy democracy institutions and health For further discussion contact author at johnjseip@gmail.com

The Fractured Republic Yuval Levin, 2017-05-23 Americans today are frustrated and anxious Our economy is sluggish and leaves workers insecure Income inequality cultural divisions and political polarization increasingly pull us apart Our governing institutions often seem paralyzed And our politics has failed to rise to

these challenges No wonder then that Americans and the politicians who represent them are overwhelmingly nostalgic for a better time The Left looks back to the middle of the twentieth century when unions were strong large public programs promised to solve pressing social problems and the movements for racial integration and sexual equality were advancing The Right looks back to the Reagan Era when deregulation and lower taxes spurred the economy cultural traditionalism seemed resurgent and America was confident and optimistic Each side thinks returning to its golden age could solve America's problems In *The Fractured Republic* Yuval Levin argues that this politics of nostalgia is failing twenty first century Americans Both parties are blind to how America has changed over the past half century as the large consolidated institutions that once dominated our economy politics and culture have fragmented and become smaller more diverse and personalized Individualism dynamism and liberalization have come at the cost of dwindling solidarity cohesion and social order This has left us with more choices in every realm of life but less security stability and national unity Both our strengths and our weaknesses are therefore consequences of these changes And the dysfunctions of our fragmented national life will need to be answered by the strengths of our decentralized diverse dynamic nation Levin argues that this calls for a modernizing politics that avoids both radical individualism and a centralizing statism and instead revives the middle layers of society families and communities schools and churches charities and associations local governments and markets Through them we can achieve not a single solution to the problems of our age but multiple and tailored answers fitted to the daunting range of challenges we face and suited to enable an American revival

The Republican Dream Team of 2016 Catherine S. McBreen, Kathy Seei, 2016-01-19 THE REPUBLICAN DREAM TEAM OF 2016 introduces an audacious concept to transform an overcrowded field of candidates into a powerhouse team to win the general election while also offering an insightful and easy to use Voter's Guide The Republican Dream Team of 2016 provides critical information about the background experience and viewpoints of Republican candidates on the issues that matter most to voters It identifies what is really important to the electorate as conservatives and moderates prepare to vote in the 2016 primaries The Republican Dream Team of 2016 promotes and validates with research the concept of all Republican candidates running together as a comprehensive ticket to win the general election After Republican voters select their presidential candidate through the primary process which of the remaining candidates should be placed in the position of vice president and the fifteen cabinet posts Can you create the unbeatable Dream Team to win the general election This book focuses on how candidates can build a consensus platform for reform instead of beating each other up By combining their efforts the Dream Team will develop a compelling plan to attack political gridlock in Washington DC ensuring that the much needed transformation of the federal government can begin on January 21 2017

To the Edge of the World Christian Wolmar, 2014-08-05 *To the Edge of the World* is an adventure in travel full of extraordinary personalities more than a century of explosive political economic and cultural events and almost inconceivable feats of engineering Christian Wolmar passionately recounts the improbable origins of the Trans Siberian

railroad the vital artery for Russian expansion that spans almost 6 000 miles and seven time zones from Moscow to Vladivostok The world s longest train route took a decade to build in the face of punishing climates rampant disease scarcity of funds and materials and widespread corruption The line sprawls over a treacherous landmass that was previously populated only by disparate tribes and convicts serving out their terms in labor camps where men were regularly starved tortured or mutilated for minor offenses Once built it led to the establishment of new cities and transformed the region s history Exceeding all expectations it became according to Wolmar the best thing that ever happened to Siberia It was not all good news however The railroad was the cause of the 1904 1905 Russo Japanese War and played a vital and at times bloody role in the Russian Revolution and the subsequent Civil War More positively the Russians were able to resist the Nazi invasion during the Second World War as new routes enabled whole industries to be sent east Siberia previously a lost and distant region became an inextricable part of Russia s cultural identity And what began as one meandering single track line is now arguably the world s most important railroad
