Becoming Qualitative Researchers An Introduction 5th Edition

Herbary Cheung

Becoming Qualitative Researchers An Introduction 5th Edition:

Becoming Qualitative Researchers Corrine Glesne, 2015-01-06 Beginning researchers get an overview of qualitative research through a concise look at the practice of conducting research and the theory and debates that keep qualitative inquiry vibrant. Ideal for introducing the novice researcher to the theory and practice of qualitative research, this text opens students to the diverse possibilities within this inquiry approach while helping them understand how to design and implement specific research methods. The author's accessible writing style, the wealth of examples, and the numerous exercises provide opportunities for practicing and refining the skills of becoming a qualitative researcher. The new edition focuses on the development of research proposals. Ch 2 the history and concerns of institutional review boards IRBs and issues qualitative researchers sometimes confront when submitting proposals. Ch 6 greater information and examples on coding and thematic analysis while also introducing other approaches to data analysis. Ch 7 and arts based research through a chapter that encourages consideration of creative ways to approach and represent inquiry. Ch 9 Chapter 10 looks at sharing research results through participation at conferences and in publications.

Becoming Qualitative Researchers Corrine Glesne, Alan Peshkin, 1992 This gracefully written text takes the reader through each stage of the qualitative research process: research design, pilot studies, interviewing techniques, use of theory, data analysis, and report writing. Features unique chapters on rapport and subjectivity and one on ethics in qualitative research. Uses the voices and experiences of typical graduate students to engage readers in understanding the nature, methods, and problems encountered in carrying out qualitative studies. Presents the newest thinking in qualitative research: Postmodern Ethnography, including discussions of issues of power and control in relation to knowledge; how history and culture shape the researcher's perspective; and how the researcher and researched affect each other. **BOOK COVER**

Designing Qualitative Research Catherine Marshall, Gretchen B. Rossman, 2011 This popular text provides useful and pragmatic guidance for developing and successfully defending proposals for qualitative inquiry. The Fifth Edition addresses the advances and challenges presented by developments and new applications while providing direct guidance. Focusing on the proposal stage of research, this edition allows the reader to have a clear plan for data analysis and for the challenging varieties of final reports of qualitative inquiries. The new edition includes expanded coverage of ethics analysis processes and approaches and is full of updated vignettes that illustrate the methodological challenges that face today's qualitative researcher. This edition also includes discussions about distance-based research such as email interviews and online discussion groups; the implications of postmodern turns; integrating archival material in qualitative research; and creative ways of presenting the research. This text is an invaluable resource to teachers and students of research methods across disciplines and is a must for the library of those using qualitative approaches.

Qualitative Dissertation Methodology Nathan Richard Durdella, Nathan Durdella, 2017-12-29 Drawing from the challenges the author has seen in supervising dissertation students, the book breaks

down the dissertation chapter into smaller pieces providing specific and detailed advice on how to frame the chapter identify a research setting work with data sources develop data collection instruments articulate a data analysis procedure and adopt a reflexive stance on research roles *Conducting High-Quality Longitudinal Studies of College Students* David J. Nguyen, Kristen A. Renn, 2025-09-02 This guide informs the construction and execution of studies exploring college student development over time Longitudinal studies represent a gold standard for understanding college student experiences and outcomes yet many scholars partake in single time surveys and interviews to avoid the challenges that occur during prolonged investigation This book walks researchers through each step of the process including strategies for avoiding mistakes in design coping with unexpected variables and learning lessons from real world research experiences This volume is a useful companion for educational researchers considering planning or launching longitudinal designs and it also functions as a practical supplement for graduate courses focusing on research methods and or college students *Research Methodology* Dr. Rubi Dutta, Mr. Subham Chatterjee , 2025-03-10 *Inquiry in Music Education* Carol Frierson-Campbell, Hildegard C. Froehlich, 2022-03-17 Inquiry in Music Education Concepts and Methods for the Beginning Researcher Second Edition introduces research and scholarship in music education as an ongoing spiral of inquiry Exploring research conventions that are applicable beyond music to the other arts and humanities as well it offers a sequential approach to topic formulation information literacy reading and evaluating research studies and planning and conducting original studies within accepted guidelines Following the legacy begun by Edward Rainbow and Hildegard C Froehlich this book expands what is meant by music education and research teaching tangible skills for music educators with diverse instructional goals and career aspirations The second edition addresses the changes in methods due to technological advances a proliferation of new scholarship and an awareness of the impact of place and culture on researchers and research participants This edition features the most current information on research tools strategies to remain up to date and expanded supplemental online materials see inquiryinmusiceducation.com case studies that reflect recent research and discuss issues of gender race and culture previously absent from mainstream scholarship an acknowledgment of the assessment demands of contemporary K 12 schooling a chapter devoted to mixed methods arts based and practitioner inquiry assignments and other resources designed to be friendly for online course delivery chapters from contributing authors Debbie Rohwer and Marie McCarthy bringing additional depth and perspective Inquiry in Music Education provides students with the language skills and protocols necessary to succeed in today s competitive markets of grant writing arts advocacy and public outreach as contributing members of the community of music educators *Thinking Sociolinguistically* Paul McPherron, Trudy Smoke, 2018-12-06 This is a practical guide to planning conducting and presenting a sociolinguistic research project Written in an accessible and engaging style the book begins with a brief review of what sociolinguists study and how they study it before guiding students step by step through the research process It presents a range of qualitative

and quantitative data collection and analysis methods including surveys interviews and corpora supported by examples from both published researchers and student projects Drawing on the experiences of their own students the authors provide supportive guidance on common areas of difficulty such as framing questions selecting participants and interpreting data The final part shows you how to organise and write up your findings Chapters are further enriched with hands on activities and discussion questions This is an essential companion for budding sociolinguistic researchers with a desire to understand the linguistic landscapes around them and communicate their findings to others

Becoming and Being a TESOL Teacher Educator Rui Yuan,Icy Lee,2021-10-05 This book offers insights into the lived experiences e g teaching research and practicum supervision of TESOL teacher educators in diverse institutional and socio cultural contexts Informed by a situated ecological perspective it draws on a variety of research approaches e g qualitative action research and self study and sheds light on how language teacher educators engage in daily practice and social interactions This edited collection examines how TESOL educators cope with potential contextual obstacles e g the theory practice divide and how they seek their continuing professional development in complex shifting higher education settings The book offers critical and thoughtful reflections of current practice and policies in language education and higher education and provides practical implications on the preparation and development of frontline language teachers

Single Mothers in Thailand Herbary Cheung,2024-09-09 This book investigates a range of major sociological debates and policy studies related to gender family marriage health intersectionality and social exclusion of single mothers in Thailand It does so by analyzing ethnographic data gained from participant observation at NGOs and a psychiatric hospital in depth interviews with single mothers and social workers and a review of government policy documents and reports from 2020 and 2021 The conceptual framework of the study draws on gender as a social construct and intersectionality as critical social theory Using this framework the book aims to offer new scholarly insights by looking at single mothers as a category of multiple and overlapping oppressions marginalization and exclusion which intersect not only with gender class and ethnicity but also with other significant categories such as hometown neighborhood religion and health conditions all significant but under researched subjects in the Thai context Moreover the book also provides policy recommendations to the Thai government to improve its social policies for single mothers and achieve gender equality in Thailand
