Accidental Pilgrim From Mammogram To Miracle:

Accidental Pilgrim Mary Erin O'Brien, 2014-08-05 *Accidental Pilgrim from Mammogram to Miracle* by Mary Erin O'Brien examines faith and humor as shock absorbers to offset her jolting out of the blue diagnosis of Stage 3 breast cancer. She is like a tour guide as she invites readers along her trajectory path through cancer that she dubs her Voyage to the bottom of the C. She navigates through a myriad of foreign medical experiences like a curious explorer finding humor along the way. Investigating the inverse relationship between the physical and spiritual aspects of cancer, she notes that as her body weakened from the battery of treatments, her spirit strengthened and soared toward renewed faith. The story takes a twist when a mysterious nun, all dressed in white at a small desert chapel, conveys a prophetic message of a miracle healing. The nun emphasizes, "It will be by your faith that you are healed." All factors converge when the healing occurs and in a most unlikely setting. A well-known oncologist confirms the healing and declares it not medically explainable. This compelling yet entertaining story affirms the resilience of the human spirit when faced with tragic circumstances. It also demonstrates the transformative power of faith that can lead to healing, hope, and health.

My Journey With Breast Cancer and God's Miracles That Sustained Me Cathy Sutor Riley, 2007-12-05 Cathy Sutor Riley decided to write this book during her treatments for bilateral breast cancer. It seemed to help to put her experiences on paper and she was hoping that her story would inspire and strengthen anyone that was going through any type of trial, not just breast cancer. It is obvious throughout this book that God was ever present during her journey and carried her when she couldn't carry herself. The faith that Cathy was taught during her childhood from the two Christian parents she was blessed with is what made all the difference in her life. She knows that without those teachings and lessons in faith, she may have given up from the very first day of her diagnosis. Cathy had always said she didn't see how any woman could go through breast cancer because she would have to give up her hair and breasts, the two main things that make a woman feel feminine. It is obvious now that the way a woman gets through this is from the strength given to her by God. Only God can carry any of us through the trials we will face in this life and there will always be trials as long as we live on this earth. It is this author's hope that this book will give you strength, hope, faith, and the knowledge that your God is always with you and He is waiting for you to seek Him and depend on Him for everything. He is as close as our next breath and He is our very best friend. Always draw near to God and He will carry you through all things of this world. May God bless you as you read and meditate on this book.
