Before The Beginning God Designed:

Before the Beginning Jim Kraft, 2013-01-25 Written from a designer's perspective this energetic refreshing and fun book offers thought provoking insight into the heart of God Before The Beginning God Designed helps to lead the reader from head knowledge to heart knowledge by exploring the creative genius of God When we begin to truly grasp the bigness of God our perspective changes and our faith grows We can then say along with Job I have heard but now I see The heart of it We can create great works that capture man's attention and cause wonder and appreciation We call these men and women Masters and their creations masterpieces However these masterpieces do not compare with God's masterpieces He is Life's Master Designer One of God's masterpieces is within each of us it is our hearts He authored designed and engineered our hearts Hearts that are capable of passion sadness joy anger and above all else love Our heart is a barometer to our souls Unfortunately tumultuous and perplexing times can skew our perspective and affect the condition of our hearts The problem is our senses can be so deadened that we can't recognize that there is a heart/soul issue that needs a loving touch from Heaven Whether young or old we can begin to devalue the miracle of who we were meant to be Before the Beginning God Designed addresses the emotional physical and spiritual fallout of a lost perspective and offers the healing and enduring hope of God's perspective through His Word His Son and Creation Our hearts are God's masterpieces They are so important to Him that He tells us to above all else guard your hearts When we guard our hearts knowing and owning His Word we can more easily grasp our Creator's heart and experience His bigness personally A Spirit filled heart connects us to God If that connection renews us we become more like Christ We slowly begin to understand the incredible love and passion that God has for us Who else would be better to address heart issues than the Artist Author Designer and Finisher of our hearts A *Defence of the Brief History of the Unitarians, Against Dr. Sherlock's Answer in His Vindication of the Holy Trinity*, 1691

Bible Versus Science Tiebet Joshua,2015-08-21 The Bible is generally believed to be the very word of God that is words that were spoken by God at different ages through different people and mediums for the benefit of man For this reason its contents are taken to be sacred true and enduring forever Hence the thought of doing intensive academic works on the various positions of the Bible is hardly done This is perhaps to avoid questioning the words of God You either believe the Bible to be true or question it and be looked upon as an unbeliever On the other hand and unlike religion where one has to believe before seeing because God has said it even when you are not sure that it is God that had said it science is seeing before believing Science is a fact that has been tested and proven to be true with the ways and methods of carrying out the tests or experiments clearly written down for anyone who cares to try the process
