Dramatizations of Social Change: Herman Heijermans' Plays as Compared with Selected Dramas by Ibsen, Hauptmann and Chekhov Hilda van Neck Yoder, 2013-11-11 Herman Heijermans 1864-1924 was convinced that he lived in an overgang's 1 tijdperk a transitional period As a young man in the eighteen nineties he rejected those values and

life styles which he felt belonged to the past period dominated by the bourgeoisie and sought out situations and a profession which would attune him to the future when he hoped the proletariat would be in power He left the conservative business milieu of Rotterdam in 1892 and went to Amsterdam then teeming with radical ideas At first Heijermans was attracted to a group of poets de tachtigers who were claiming to have enlivened the stale tradition of Dutch poetry by discovering language and beauty in a totally new way but soon he felt them to be elitist Then in 1895 he became a member of the newly founded Dutch Social Democratic Workers Party He alienated himself from the literary circles by claiming that art should be socialistic and by rejecting the class separation between artists and workers He felt himself to be one with the proletariat and through them with The New Life and The New Humanity Stimulated by the ongoing theater revival which he interpreted as an attempt to challenge the bourgeois smugness and moral self righteousness he had started to write plays before becoming interested in the Socialist Party

When God Weeps Joni Eareckson Tada, 2010-06-22 A must read for anyone who has ever asked God Why me It s easy to trust God when things are going our way and the world makes sense But when suffering strikes especially seemingly senseless suffering we are filled with doubt and stunned by events spiraling beyond our control In the midst of suffering we often question the very foundation of our faith our belief in the God who says he loves us Since our trust and obedience rest on God s character the questions that life s tragedies force us to face are difficult even frightening Who is God Can he really be trusted What are his purposes in the face of suffering If he can stop suffering why doesn t he Joni Eareckson Tada a woman who has lived in a wheelchair for more than thirty years and Steve Estes a pastor and one of Joni s closest friends explore the answers When God Weeps is not so much a book about suffering as it is about God It tackles tough questions about heaven and hell horrors and hardships and why God allows suffering in this life Through a panoramic overview of what the Bible says about suffering the authors make clear who God is why he permits so much heartache and pain and how it is we can trust him With both a practical edge and heartfelt warmth When God Weeps offers dependence on his love and mercy in spite of our doubts fears longings and questions

Media in Motion Elisabeth Eide, 2016-04-29 Owing to increased migration dating from the 1990s Nordic countries have gone through substantial

cultural and social changes resulting in increased debate surrounding the politics of multiculturalism One of the central realms of the discussion around multiculturalism in the Nordic region concerns the media which is considered to be a vital factor in the construction of society's values as well as an essential tool in the integration process of migrants providing as it does a symbolic arena for learning about and becoming part of society This collection draws together the latest research from Denmark Finland Norway and Sweden to look at different aspects of the relationship between media and migration in the Nordic region Exploring the role played by the media in nation building and the power of the media in the definition of who belongs in society Media in Motion examines the practices of inclusion and exclusion that characterise mainstream media representations The book also examines the manner in which recent technological changes suggest the emergence of a transnational and cosmopolitan media landscape a space which blurs the boundaries of the national and transnational as well as between the public and the private with significant implications for the ways migrants may take and become part of society As such it will be of interest to those working in the fields of media race and ethnicity colonialism and postcolonial studies and migration

Subject to Change : Guerrilla Television Revisited Deirdre Boyle Professor of History New York University, 1997-02-25 Before the Internet camcorders and hundred channel cable systems predating the Information Superhighway and talk of cyber democracy there was guerilla television Part of the larger alternative media tide which swept the country in the late sixties guerilla television emerged when the arrival of lightweight affordable consumer video equipment made it possible for ordinary people to make their own television Fueled both by outrage at the day's events and by the writings of people like Marshall McLuhan Tom Wolfe and Hunter S Thompson the movement gained a manifesto in 1971 when Michael Shamberg and the raindance Corp published Guerilla Television As framed in this quixotic text the goal of the video guerilla was nothing less than a reshaping of the structure of information in America In Subject to Change Deirdre Boyle tells the fascinating story of the first TV generation's dream of remaking

television and their frustrated attempts at democratizing the medium Interweaving the narratives of three very different video collectives from the 1970s TVTV Broadside TV and University Community Video Boyle offers a thought provoking account of an earlier electronic utopianism one with significant implications for today s debates over free speech public discourse and the information explosion
