

All About The World Of Texas Hold'em Poker

What is Texas Hold'em?

Texas Hold'em is one of the best known and most popular forms of poker played today. It is a betting game where each player starts with two hole cards and tries to make the best five card hand, using their hole cards and the five community cards which are dealt face up.

■ Makes Money ■ Loses Money

The basic concepts of playing Texas Hold'em:

1. Posting Blinds

The player to the immediate left of the dealer is the "Small Blind" and will place chips in the pot equal to half of the "Big Blind" which is the player to the small blinds left.

5. The Flop

The dealer will then discard or "Burn" the top card of the deck and then flip three cards over, face up from the top of the deck. A round of betting then takes place.

2. The Deal

The dealer will deal each player two pocket cards which they will use to build the best of a five card hand.

6. The Turn

The dealer then burns another card, but this time only flips one card face up. Another round of betting takes place.

3. Buying in

At this point, players who want to play that hand will put chips in equal to the Big Blind, which will buy them into that hand.

7. The River

The dealer then burns one more card and flips over the final card face up. Another round of betting occurs before each player shows their hand and the winner is determined.

4. Betting

Players now bet on their pocket cards, starting from the little blind and working their way clockwise back to the dealer. A "Bet" is how much money you put in, a "Call" is someone matching your bet, and a "Raise" is a Call followed by raising the bet more. Betting continues until everyone has "Folded" which means conceding to that hand, or everyone has Called and no more betting takes place.

In poker, this is the hierarchy of poker hands. The lowest hand would be high card, not shown here. The order goes, high card, one pair, two pairs, three of a kind, straight, flush, full house, four of a kind, straight flush, and the highest is a royal flush. If two players have the same hand, the highest ranked suit wins. Suit order is as follows: highest is spades, then hearts, diamonds and the lowest is clubs.
