Twerski, 1990 AA veterans often refer to stinking thinking the distorted thought processes behind addictive and codependent behavior Twerski calls it addictologia the inability to reason with oneself He demonstrates how such thinking is a disease of the will that makes the addict unable to make wise constructive choices in life **Addictive Thinking and the Addictive Personality** Abraham J. Twerski, Craig Nakken, 1999-10 Understanding the addictive process compulsive behavior and self deception Addictive Thinking and the Addictive Personality , 1999 Understanding the addictive process compulsive behavior and self deception Red Flags in Psychotherapy Patricia Keith-Spiegel, 2013-10-01 This book delves into risks that can easily bedevil any psychotherapist and what can happen if they are ignored Dramatic storytelling based on actual incidents from the author s experiences as a member of ethics committees and as an ethics teacher and consultant explores actions prompting clients to issue formal complaints Set in the context of an ethics committee meeting over the course of a weekend twelve psychologists face their peers who will stand in judgment Issues include the fallout from losing one s temper with a difficult client a personal disclosure gone terribly wrong a bartering arrangement that literally falls apart a private life revealed in a most public way a vengeful act that sullies the reputation of an entire department breaking confidentiality when a client threatened harm and the slippery slope to sexual exploitation The stories are absorbing enlightening sometimes shocking and often stranger than fiction Narrative nonfiction puts human faces and emotions on what would otherwise be cursory statistics What led to the formal complaint from both the vantage point of the complainant and the psychologist offers insights not otherwise available

unless the dynamics of their private lives leading up to the conflict are revealed An author s commentary and discussion questions follow every story Both new and seasoned practitioners as well as those still in training will find this to be an invaluable resource
