Being Legally Blind Observations For Parents Of Visually Impaired Children:

Being Legally Blind Justin Oldham, 2022-11-15 Large Print Version All parents face a mix of joys and challenges when welcoming a new child into the family Being told that your new son or daughter has a visual disability makes the task of sharing the world with that child seem much more daunting It will be difficult but it is an adventure which you both can survive This book will provide you with some insight into the obstacles you will face pitfalls to be avoided joys to be shared and hope for what is to come What expectations should you have What resources are available to assist your child Where do you find them Is it possible for your child to become a happy successful member of society This book addresses these questions and others with a foreword by career ophthalmologist and eye surgeon Griffith C Steiner M D **Assistive**

Technologies for People with Diverse Abilities Giulio E. Lancioni, Nirbhay N. Singh, 2014-01-07 The familiar image of the disabled tends to emphasize their limitations and reduced quality of life However many people with cognitive motor and other difficulties also have the capacity to enhance their social interactions leisure pursuits and daily activities with the aid of assistive technology Assistive devices from the simple to the sophisticated have become essential to intervention programs for this population And not surprisingly the numbers of devices available are growing steadily Assistive Technologies for People with Diverse Abilities offers expert analysis of pertinent issues coupled with practical discussion of solutions for effective support Its comprehensive literature review describes current and emerging devices and presents evidence based guidelines for matching promising technologies to individuals Program outcomes are assessed as are their potential impact on the future of the field In addition chapters provide detailed descriptions of the personal and social needs of the widest range of individuals with congenital and acquired conditions including Acquired brain damage Communication impairment Attention and learning difficulties with special focus on college students Visual impairment and blindness Autism spectrum disorders Behavioral and occupational disorders Alzheimer s disease Severe profound and multiple impairments The scope and depth of coverage makes Assistive Technologies for People with Diverse Abilities an invaluable resource for researchers professionals and graduate students in developmental psychology rehabilitation medicine educational technology occupational therapy speech pathology and clinical psychology *Education of Exceptional Children* S.S.
