are nothing more than poor quality comb bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years With more than 250 titles in print VelocePress is one of the fastest growing specialty automobile and motorcycle publishing companies in the USA Please visit our website at www.VelocePress.com for more information on our company and our books
