The Teacher Exodus Ernest J. Zarra III, 2018-06-02 The Teacher Exodus Reversing the Trend and Keeping Teachers in the Classrooms is an authentic examination of many of the reasons public school teachers are leaving the profession It also takes a hard look at why students are no longer selecting teaching as their career choice American culture is at a tipping point and many politicians and bureaucrats are tinkering with culture through racial policies and social engineering in efforts to empower students rather than stem the tide of teacher attrition Teachers are frustrated by requirements to implement social and intervention programs that fall outside their training which limits the moral purpose they envisioned when they first entered the profession Across the nation teachers are feeling marginalized and impacted by policies handed down from above which actually elevate students over teachers

Teachers sense their profession has been reduced to classroom monitoring and facilitating which they did not sign up for. They are restricted in their classroom management and must employ a series of intervention strategies just to defend their actions of discipline. If America is to reverse the trend of teachers leaving classrooms, there must be genuinely supportive efforts to reinvigorate adults to pursue teaching and bureaucrats must release teachers to work their skills. There must be a reversal of the mindset that teachers are leaving education because education has left them. One way to do this is for bureaucrats and education administrators to once again empower teachers to be the local arbiters of education for their classrooms.

Stolen Valor: The Military Fraud and Government Failures of Tim Walz Josh Manning, Erin

Brownback, 2024-10-02 From cowardice in the military to unchecked government overreach *Stolen Valor* exposes the shocking truth behind Minnesota Governor Tim Walz's carefully crafted public image and his ongoing efforts to introduce Marxism to America. In this hard-hitting investigation, authors Josh Manning and Erin Brownback unravel the lies and misrepresentations that have propped up Walz's political career. Drawing from extensive research and interviews with those who served alongside him, *Stolen Valor* uncovers the real story behind Walz's military service: how he abandoned his unit before deployment, misrepresented his rank, and misled voters about his combat experience. But the deceit doesn't end there. The book dives into Walz's political career from his radical pro-abortion agenda to his dangerous COVID lockdowns and his failure to protect Minnesotans during the 2020 riots. This is more than a biography; it's a call to action against the creeping influence of socialism and Marxism in American politics. *Stolen Valor* delivers a gripping account of betrayal, cowardice, and the dangerous consequences of unchecked political power. Tim Walz has deceived Americans, and now the truth is out. Are you ready to face it?

Let's Play Two Doug Wilson, 2019-02-15 When Ernie Banks passed away in 2015, he was regarded as one of the most beloved men in baseball history. In *Let's Play Two: The Life and Times of Ernie Banks*, Doug Wilson explores the life of one of baseball's most immortal figures from his humble beginnings as a young boy living in the segregated South to his last few years and the public battles over his remains and will. Drawing on interviews of those close to Banks from all stages of his life, Wilson presents a portrait of the baseball player not just as an athlete but also as a complex man with ambitious goals and hidden pains. Ernie Banks's enthusiasm and skill transcended issues of race and helped him to become one of the most highly regarded men in baseball.
