Reference and Information Services Kay Ann Cassell ,Uma Hiremath,2019-01-04 Designed to complement every introductory library reference course this is the perfect text for students and librarians looking to expand their personal reference knowledge teaching failsafe methods for identifying important materials by matching specific types of questions to the best available sources regardless of format Guided by a national advisory board of educators and practitioners this thoroughly updated text expertly keeps up with new technologies and practices while remaining grounded in the basics of reference work Chapters on fundamental concepts major reference sources and special topics provide a solid foundation the text also offers fresh insight on core issues including ethics readers advisory information literacy and other key aspects of reference librarianship

selecting and evaluating reference materials with strategies for keeping up to date assessing and improving reference services guidance on conducting reference interviews with a range of different library users including children and young adults a new discussion of reference as programming important special reference topics such as Google search 24 7 reference and virtual reference and delivering reference services across multiple platforms As librarians experience a changing climate for all information services professionals in this book Cassell and Hiremath provide the tools needed to manage the ebb and flow of changing reference services in today's libraries

Editing for the Digital Age Thom Lieb, 2015-01-14 A practical hands on guide providing editors and journalists with the tools necessary to ensure that published material is accurate readable and complete

Editing Across Media Ross F. Collins, 2013-02-18 Requirements for professional media editing have undergone enormous technological change Editors still edit copy But today they do much more Mass media editors must demonstrate skills from computerized pagination to social media monitoring from image manipulation to Search Engine Optimization The need for editing skills is reaching far beyond traditional journalism and into all areas of mass media from newspapers to strategic communication Public relations practitioners are expected to edit Even advertising creative professionals must edit And journalists taking on new roles as social media editors need to understand editing at the speed of digital media This textbook aims to prepare university level students for these expanded editing roles in an age of convergence Thirteen authors representing many years of collective media experience examine both traditional editing roles and new editing needs While many mass media students will not become professional editors this textbook assumes nearly all will need competent editing knowledge to produce products of professional quality Editing the authors believe remains a bedrock skill for all students who hope to be successful in the mass media Instructors considering this book for use in a course may request an examination copy here

Writing and Editing for Digital Media Brian Carroll, 2014-07-07 Writing and Editing for Digital Media 2nd edition teaches students how to write effectively for digital spaces whether crafting a story for a website blogging or using Twitter to cover a breaking news story or event The lessons and exercises in each chapter help students build a solid understanding of the ways that digital communications have introduced opportunities for dynamic storytelling and multi directional communication Writing and Editing for Digital Media also addresses the graphical multimedia hypertextual and interactive elements that come into play when writing for digital platforms and designing digital spaces The book teaches students not only to create content but also to become careful creative managers of that content Based on Brian Carroll's extensive experience teaching the course this revised and updated edition pays particular attention to opportunities presented by the growth of social media and mobile media Chapters aim to Assist digital communicators in understanding the social networked increasingly mobile always on geomapped personalized media ecosystem Help writers across multiple communication fields journalism marketing PR technical writing make the transition from print to digital Teach communicators to approach storytelling from a multimedia

multi modal interactive perspective A companion website with exercises and assignments gives students the tools they need to put theory into practice

Contemporary Editing Cecilia Friend, Don Challenger, 2013-10-15 Contemporary Editing offers journalism students a forward looking introduction to news editing providing instruction on traditional newsroom conventions along with a focus on emerging news platforms This comprehensive text provides students with a strong understanding of everything an editor does addressing essential copy editing fundamentals such as grammar and style editorial decision making photo editing information graphics and page design and new media approaches to storytelling Throughout the book focuses on how the editor s attitude a keen awareness of news values ethics and audience comes into play in all facets of news editing This new edition offers expanded coverage of web publishing and mobile media giving students solid editing skills for today s evolving media and news forums Features of the Third Edition Editing 2 0 boxes discuss the impact of digital technology and social media on editing Coverage of grammar problems and a new chapter on working with numbers provide students with a strong grasp of math and grammar which are the underpinnings for all writing and editing An emphasis on editing for brevity prepares students to write and edit clearly and briefly for print and for the web A chapter on the art of headline writing guides students through one of the editor s most important tasks and introduces the task of search engine optimization Examples of ethics and legal situations show students how issues arise in even the most basic stories and how to address them Online exercises present additional practice for students without needing to purchase a workbook

How to Write a Query Letter Donna Marie Murphy, 2013 Of the nearly 5 million unsolicited manuscripts letters and columns received each year by newspaper editors magazines and literary agents around the world estimated by a 2006 issue of *Writer s Digest* less than half of one percent are even read when they reach their destination And most of the problem lies in the lack of a coherent query letter This book was written for any potential writer looking to effectively write and send a query letter that will grab the attention of the editor or agent to whom it is addressed
