Inventing the Renaissance Ada Palmer, 2025-03-28 An irreverent new take on the Renaissance which reveals it as anything but Europe's golden age From the darkness of a plagued and war-torn Middle Ages the Renaissance we're told heralds the dawning of a new world a halcyon age of art prosperity and rebirth Hogwash or so says award-winning novelist and historian Ada Palmer In *Inventing the Renaissance* Palmer turns her witty and irreverent eye on the fantasies we've told ourselves about Europe's not-so-golden age myths she sets right with sharp clarity Palmer's Renaissance is altogether

desperate Troubled by centuries of conflict she argues Europe looked to a long lost Roman Empire even its education practices to save it from unending war Later historians met their own political challenges with a similarly nostalgic vision only now they looked to the Renaissance and told a partial story To right this wrong Palmer offers fifteen provocative portraits of Renaissance men and women some famous some obscure whose lives reveal a far more diverse fragile and wild Renaissance than its glowing reputation suggests Gender Matters Mara R. Wade, 2013-12-05 Gender Matters opens the debate concerning violence in literature and the arts beyond a single national tradition and engages with multivalent aspects of both female and male gender constructs mapping them onto depictions of violence By defining a tight thematic focus and yet offering a broad disciplinary scope for inquiry the present volume brings together a wide range of scholarly papers investigating a cohesive topic gendered violence from the perspectives of French German Italian Spanish English and Japanese literature history musicology art history and cultural studies It interrogates the intersection of gender and violence in the early modern period cutting across national traditions genres media and disciplines By engaging several levels of discourse the volume advances a holistic approach to understanding gendered violence in the early modern world The convergence of discourses concerning literature the arts emerging print technologies social and legal norms and textual and visual practices leverages a more complex understanding of gender in this period Through the unifying lens of gender and violence the contributions to this volume comprehensively address a wide scope of diverse issues approaches and geographies from late medieval Japan to the European Enlightenment While the majority of essays focus on early modern Europe they are broadly contextualized and informed by integrated critical approaches pertaining to issues of violence and gender
