Apache Mothers And Daughters Four Generations Of A Family

Russell Barber, Frances Berdan

Apache Mothers And Daughters Four Generations Of A Family:

Apache Mothers and Daughters Ruth McDonald Boyer, Narcissus Duffy Gayton, 1992 An illustrated family history of four generations of Chiricahua Apache women from 1848 to the present as collected over the course of 35 years by anthropologist Boyer from the remembrances of Gayton great great granddaughter of the Apache chief Victoria Annotation copyright Book News Inc Portla

The Apache Wars Paul Andrew Hutton, 2017-05-02 In the tradition of *Empire of the Summer Moon* a stunningly vivid historical account of the manhunt for Geronimo and the 25 year Apache struggle for their homeland They called him Mickey Free His kidnapping started the longest war in American history and both sides the Apaches and the white invaders blamed him for it A mixed blood warrior who moved uneasily between the worlds of the Apaches and the American soldiers he was never trusted by either but desperately needed by both He was the only man Geronimo ever feared He played a pivotal role in this long war for the desert Southwest from its beginning in 1861 until its end in 1890 with his pursuit of the renegade scout Apache Kid In this sprawling monumental work Paul Hutton unfolds over two decades of the last war for the West through the eyes of the men and women who lived it This is Mickey Free s story but also the story of his contemporaries the great Apache leaders Mangas Coloradas Cochise and Victorio the soldiers Kit Carson O O Howard George Crook and Nelson Miles the scouts and frontiersmen Al Sieber Tom Horn Tom Jeffords and Texas John Slaughter the great White Mountain scout Alchesay and the Apache female warrior Lozen the fierce Apache warrior Geronimo and the Apache Kid These lives shaped the violent history of the deserts and mountains of the Southwestern borderlands a bleak and unforgiving world where a people would make a final bloody stand against an American war machine bent on their destruction

Culture and Customs of the Apache Indians Veronica E. Verlade Tiller, 2010-12-16 Written for high school students and general readers alike this insightful treatment links the storied past of various Apache tribes with their life in contemporary times Written for high school students and general readers alike *Culture and Customs of the Apache Indians* links the storied past of the Apaches with contemporary times It covers modern day Apache culture and customs for all eight tribes in Arizona New Mexico and Oklahoma since the end of the Apache wars in the 1880s Highlighting tribal religion government social customs lifestyle and family structures as well as arts music dance and contemporary issues the book helps readers understand Apaches today countering stereotypes based on the 18th and 19th century views created by the popular media It demonstrates that Apache communities are contributing members of society and that while their culture and customs are based on traditional ways they live and work in the modern world

The Emperor's Mirror Russell Barber, Frances Berdan, 1998-10-01 Russell J Barber and Frances F Berdan have created the ultimate guide for anyone doing cross cultural and or document driven research Presenting the essentials of primary source methodology *The Emperor s Mirror* includes nine chapters on paleography calendrics source and quantitative analysis and the visual interpretation of artifacts such as pictographs illustrations and maps As an introduction to ethnohistory this book

clearly defines terminology and provides practical and accessible examples effectively integrating the concerns of historians and anthropologists as well as addressing the needs of anyone using primary sources for research in any academic field A leading theme throughout the book is the importance of a researcher's awareness of the inherent biases of documents while doing research on another culture Documents are the result of people interpreting reality through the filter of their own experience personality and culture Barber and Berdan's reality mediation model shows students how to analyze documents to detect the implicit biases or subtexts inherent in primary source materials Students and scholars working with primary sources will particularly appreciate the case studies that Barber and Berdan use to illustrate the practical implications of using each methodology These case studies not only apply method to actual research but also are fascinating in their own right they range from a discussion of the debate over Tupinamba cannibalism to the illustration of Nahuatl Spanish and hybrid place names of Tlaxcala Mexico

The Chimera Principle Carlo Severi, 2015-04-15 Available in English for the first time anthropologist Carlo Severi's *The Chimera Principle* breaks new theoretical ground for the study of ritual iconographic technologies and oral traditions among non literate peoples Setting himself against a tradition that has long seen the memory of people without writing which relies on such ephemeral records as ornaments body painting and masks as fundamentally disordered or doomed to failure he argues strenuously that ritual actions in these societies pragmatically produce religious meaning and that they demonstrate what he calls a chimeric imagination Deploying philosophical and ethnographic theory Severi unfolds new approaches to research in the anthropology of ritual and memory ultimately building a new theory of imagination and an original anthropology of thought This English language edition beautifully translated by Janet Lloyd and complete with a foreword by David Graeber will spark widespread debate and be heralded as an instant classic for anthropologists historians and philosophers

Tall Woman Rose Mitchell, 2001 Portrays Navajo weaver and midwife Tall Woman who held onto traditional Navajo ways raised twelve children and cared for the farm throughout her marriage to political leader and Blessingway singer Frank Mitchell

Non-Western Educational Traditions Timothy G. Reagan, 2004-09-22 This text provides a brief yet comprehensive overview of a number of non Western approaches to educational thought and practice Its premise is that understanding the ways that other people educate their children as well as what counts for them as education may help us think more clearly about some of our own assumptions and values and to become more open to alternative viewpoints about important educational matters The value of this informative mind opening text for preservice and in service teacher education courses is enhanced by Questions for Discussion and Reflection and Recommended Further Readings included in each chapter New in the Third Edition Chapter 2 Conceptualizing Culture I We and The Other is new to this edition It is a response to feedback about the problems inherent in our general discourse about culture and in addition provides an example of a culture that is near to us but nevertheless alien the culture of the Deaf World Chapter 9 which deals with Islam and traditional Muslim education has been substantially revised The subtitle of the

Third Edition has been changed to Indigenous Approaches to Educational Thought and Practice reflecting not so much a change in the emphases found in the book but rather a recognition of the growing scholarly interest in indigenous peoples their languages cultures and histories Various points throughout the text have been expanded and clarified and chapters have been updated as needed *An Introduction to Native North America -- Pearson eText*, 2015-08-26 An Introduction to Native North America provides a basic introduction to the native peoples of North America including both the United States and Canada It covers the history of research basic prehistory the European invasion and the impact of Europeans on Native cultures Additionally much of the book is written from the perspective of the ethnographic present and the various cultures are described as they were at the specific times noted in the text *Hugh Lenox Scott, 1853-1934* Armand S. La Potin, 2021-09-09 A newly minted second lieutenant fresh from West Point Hugh Lenox Scott arrived on the northern Great Plains in the wake of the Little Bighorn debacle The Seventh Cavalry was seeking to subdue the Plains tribes and confine them to reservations and Scott adopted the role of negotiator and advocate for the Indian adversaries He thus embarked on a career unique in the history of the U S military and the western frontier Hugh Lenox Scott 1853 1934 *Reluctant Warrior* is the first book to tell the full story of this unlikely self avowed soldier of peace whose career stretching from Little Bighorn until after World War I reflected profound historical changes The taste for adventure that drew Scott to the military also piqued his interest in the tenacity of Native cultures in an environment rife with danger and uncertainty Armand S La Potin describes how Scott embraced the lifeways of the Northern Plains peoples making a study of their cultures their symbols and most notably their use of an intertribal sign language to facilitate trade Negotiating with dissident bands of Indians whose lands were threatened by Anglo settlers and commercial interests he increasingly found himself advocating federal responsibility for tribal welfare and assuming the role of Indian reformer La Potin makes clear that reform was understood within the context of Scott s own culture which scaled civilization to the so called Anglo race Accordingly Scott promoted the civilization of Native Americans through assimilation into Anglo American society an approach he continued in his later interactions with the Moro Muslims of the southern Philippines where he served as a military governor Although he eventually rose to the rank of army chief of staff over time Scott the peacemaker and Indian reformer saw his career stall as Native tribes ceased to be seen as a military threat and military merit was increasingly defined by battlefield experience From these pages the picture emerges of an uncommon figure in American military history at once at odds with and defined by his times **Natives and Academics** Devon Abbott Mihesuah, 1998-01-01 Ten leading Native scholars examine the state of scholarly research and writing on Native Americans Their distinctive perspectives and telling arguments lend clarity to the heated debate about the purpose and direction of Native American scholarship All too frequently Native Americans have little control over how they and their ancestors are researched and depicted in scholarly writings The relationship between Native peoples and the academic community has become especially rocky in recent years Both groups are grappling with troubling

questions about research ethics methodology and theory in the field and in the classroom In this timely and illuminating anthology ten leading Native scholars examine the state of scholarly research and writing on Native Americans They offer distinctive frequently self critical perspectives on several important issues the representativeness of Native informants the merits of various methods of data collection the veracity and role of oral histories the suitability of certain genres of scholarly writing for the study of Native Americans the marketing of Native culture and history and debates about cultural essentialism Some contributors propose alternative forms of scholarship Special attention is also given to the experiences responsibilities and challenges facing Native academics themselves With lively prose and telling arguments *Natives and Academics* lends clarity to the heated debate about the purpose and direction of Native American scholarship
