Apostates Hybrids Or True Jews Apostates Hybrids Or True Jews:

Apostates, Hybrids, or True Jews? Raymond Lillevik, 2014-07-03 This book explores the relationship between Christian faith and Jewish identity from the perspective of three Jewish believers in Jesus living in eastern and central Europe before World War 1: Rudolf Hermann Chaim Gurland, Christian Theophilus Lucky Chaim Jedidjah Pollak, and Isaac Ignatz Lichtenstein. They were all rabbis or had rabbinic education and were in different ways combining their faith in Jesus as Messiah with a Jewish identity. The book offers a biographical study of the three men and an analysis of their understandings of identity. This analysis considers five categories for identification: the relation of Gurland, Lucky, and Lichtenstein to Jewish tradition, to the Jewish people, to Christian tradition, to the Christian community, and to the network of Jewish believers in Jesus. Lillevik argues that Gurland, Lucky, and Lichtenstein in very different ways transcended essentialist as well as constructionist ideas of Jewish and Christian identity.

Handbook of Leaving Religion Daniel Enstedt, Göran Larsson, Teemu T. Mantsinen, 2019-10-07 The Handbook of Leaving Religion introduces a neglected field of research with the aim to outline previous and contemporary research and suggest how the topic of leaving religion should be studied in the future. The handbook consists of three sections: 1. Major debates about leaving religion; 2. Case studies and empirical insights; and 3. Theoretical and methodological approaches. Section one provides the reader with an introduction to key terms, historical developments, major controversies, and significant cases. Section two includes case studies that illustrate various processes of leaving religion from different perspectives, and each chapter provides new empirical insights. Section three discusses, presents, and encourages new approaches to the study of leaving religion.

Within Judaism? Interpretive Trajectories in Judaism, Christianity, and Islam from the First to the Twenty-First Century Anders Runesson, Karin Hedner Zetterholm, 2023-11-27 This book charts the shifting boundaries of Judaism from antiquity to the modern period in order to bring clarity to what scholars mean when they claim that ancient texts or groups are within Judaism, as well as exploring how rabbinic Jews, Christians, and Muslims have negotiated and renegotiated what Judaism is and is not in order to form their own identities. Belief in Jesus as the Messiah was seen as part of first-century Judaism but by

the fourth or fifth century the boundaries had shifted and adherence to Jesus came to be seen as outside of Judaism. Resituating New Testament texts within first or second century Judaism is an historical exercise that may broaden our view of what Judaism looked like in the early centuries CE but normatively these texts remain within Christianity because of their reception history. The historical within Judaism perspective however has the potential to challenge and reshape the theology of contemporary Christianity while at the same time the long held consensus that belief in Jesus cannot belong within Judaism is again challenged by the modern Messianic Jewish movement.

Confessions of the Shtetl Ellie R. Schainker, 2016-11-16 Over the course of the nineteenth century some 84 500 Jews in imperial Russia converted to Christianity. *Confessions of the Shtetl* explores the day to day world of these people including the social geographic religious and economic links among converts, Christians and Jews. The book narrates converts' tales of love, desperation and fear, tracing the uneasy contest between religious choice and collective Jewish identity in tsarist Russia. Rather than viewing the shtetl as the foundation myth for modern Jewish nationhood, this work reveals the shtetl's history of conversions and communal engagement with converts which ultimately yielded a cultural hybridity that both challenged and fueled visions of Jewish separatism. Drawing on extensive research with conversion files in imperial Russian archives in addition to the mass press, novels and memoirs, Ellie R. Schainker offers a sociocultural history of religious toleration and Jewish life that sees baptism not as the fundamental departure from Jewishness or the Jewish community but as a conversion that marked the start of a complicated experiment with new forms of identity and belonging. Ultimately she argues that the Jewish encounter with imperial Russia did not revolve around coercion and ghettoization but was a genuinely religious drama with a diverse attractive and aggressive Christianity.

The Oxford Handbook of Nineteenth-century Christian Thought Joel D. S. Rasmussen, Judith E. Wolfe, Johannes Zachhuber, 2017 This Handbook considers Christian thought in the long nineteenth century from the French Revolution to the First World War encompassing not only doctrine and theology but also Christianity's mutual influence on literature and the arts, political and economic thought and the natural and social sciences.

Goy Adi Ophir, Ishay Rosen-Zvi, 2018-06-20 *Goy: Israel's Others and the Birth of the Gentile* traces the development of the term and category of the goy from the Bible to rabbinic literature. Adi Ophir and Ishay Rosen-Zvi show that the category of the goy was born much later than scholars assume, in fact not before the first century CE. They explain that the abstract concept of the gentile first appeared in Paul's Letters. However, it was only in rabbinic literature that this category became the center of a stable and long standing structure that involved God, the Halakha, history and salvation. The authors narrate this development through chronological analyses of the various biblical and post-biblical texts including the Dead Sea scrolls, the New Testament and early patristics, the Mishnah and rabbinic Midrash and synchronic analyses of several discursive structures. Looking at some of the goy's instantiations in contemporary Jewish culture in Israel and the United States, the study concludes with an examination of the extraordinary resilience of the Jew-goy division and asks how Judaism would look like
