Hedican, 2008-07-05 Anthropologists are often reluctant to present their work relating to matters of a broad social context to the wider public even though many have much to say about a range of contemporary issues In this second edition of a classic work in the field Edward J Hedican takes stock of Anthropology's research on current indigenous affairs and offers an up to date assessment of Aboriginal issues in Canada from the perspective of applied Anthropology In his central thesis Hedican underlines Anthropology's opportunity to make a significant impact on the way Aboriginal issues are studied perceived and interpreted in Canada He contends that anthropologists must quit lingering on the periphery of debates concerning land claims and race relations and become more actively committed to the public good His study ranges over such challenging topics as advocacy roles in Aboriginal studies the ethics of applied research policy issues in community development the political context of the self government debate and the dilemma of Aboriginal status and identity in Canada *Applied Anthropology in Canada* is an impassioned call for a revitalized Anthropology one more directly attuned to the practical problems faced by First Nations peoples Hedican's focus on Aboriginal issues gives his work a strong contemporary relevance that bridges the gap between scholarly and public spheres *What Anthropologists Do* Veronica Strang, 2020-06-24 What is Anthropology Why should you study it What will you learn And what can you do with it What Anthropologists Do answers all these questions And more Anthropology is an astonishingly diverse and engaged subject that seeks to understand human social behaviour What

Anthropologists Do presents a lively introduction to the ways in which anthropology's unique research methods and cutting edge thinking contribute to a very wide range of fields environmental issues aid and development advocacy human rights social policy the creative arts museums health education crime communications technology design marketing and business In short a training in Anthropology provides highly transferable skills of investigation and analysis The book will be ideal for any readers who want to know what Anthropology is all about and especially for students coming to the study of Anthropology for the first time

Archaeologists as Activists M. Jay Stottman, 2010 Examines the various ways in which archaeologists can and do use their research to forge a partnership with the past and guide the ongoing dialogue between the archaeological record and various contemporary stakeholders Could archaeologists benefit contemporary cultures and be a factor in solving world problems Can archaeologists help individuals Can archaeologists change the world These questions form the root of archaeology activism or activist archaeology using archaeology to advocate for and affect change in contemporary communities Archaeologists currently change the world through the products of their archaeological research that contribute to our collective historical and cultural knowledge Their work helps to shape and reshape our perceptions of the past and our understanding of written history Archaeologists affect contemporary communities through the consequences of their work as they become embroiled in controversies over negotiating the past and the present with native peoples Beyond the obvious economic contributions to local communities caused by heritage tourism established on the research of archaeologists at cultural sites archaeologists have begun to use the process of their work as a means to benefit the public and even advocate for communities In this volume Stottman and his colleagues examine the various ways in which archaeologists can and do use their research to forge a partnership with the past and guide the ongoing dialogue between the archaeological record and the various contemporary stakeholders They draw inspiration and guidance from applied anthropology social history public history heritage studies museum studies historic preservation philosophy and education to develop an activist approach to archaeology theoretically methodologically and ethically

The Oxford Handbook of Applied Ethnomusicology Svanibor Pettan, Jeff Todd Titon, 2015 Applied studies scholarship has triggered a not so quiet revolution in the discipline of ethnomusicology The current generation of applied ethnomusicologists has moved toward participatory action research involving themselves in musical communities and working directly on their behalf The essays in The Oxford Handbook of Applied Ethnomusicology edited by Svanibor Pettan and Jeff Todd Titon theorize applied ethnomusicology offer histories and detail practical examples with the goal of stimulating further development in the field The essays in the book all newly commissioned for the volume reflect scholarship and data gleaned from eleven countries by over twenty contributors Themes and locations of the research discussed encompass all world continents The authors present case studies encompassing multiple places other than that discuss circumstances within a geopolitical unit either near or far Many of the authors consider marginalized peoples and communities others argue for participatory action research All are united in their interest in

overarching themes such as conflict education archives and the status of indigenous peoples and immigrants A volume that at once defines its field advances it and even acts as a large scale applied ethnomusicology project in the way it connects ideas and methodology The Oxford Handbook of Applied Ethnomusicology is a seminal contribution to the study of ethnomusicology theoretical and applied
