Tang, 2017-12-04 This book adopts a case study based research approach to examine the contemporary issues in the fashion industry. It documents real world practices in fashion business from production marketing to operations. Founded on an extensive review of literature, these case studies discuss the challenges that are pertinent to the current business environment in this important industry, provide benchmarks and generate insights to practitioners as well as suggest future directions to researchers. The book serves as a nexus of the theories and the industrial practices that advances knowledge for both the academia and the private sector in fashion business.

The Black Experience in Design Anne H. Berry, Kareem Collie, Penina Acayo Laker, Lesley-Ann Noel, Jennifer Rittner, Kelly Walters, 2022-02-01 The Black Experience in Design spotlights teaching practices, research stories and conversations from a Black African diasporic lens. Excluded from traditional design history and educational canons that heavily favor European

modernist influences the work and experiences of Black designers have been systematically overlooked in the profession for decades. However, given the national focus on diversity, equity, and inclusion in the aftermath of the nationwide Black Lives Matter protests in the United States, educators, practitioners, and students now have the opportunity, as well as the social and political momentum, to make long-term systemic changes in design education, research, and practice, reclaiming the contributions of Black designers in the process. *The Black Experience in Design*, an anthology centering a range of perspectives, spotlights teaching practices, research stories, and conversations from a Black African diasporic lens. Through the voices represented, this text exemplifies the inherently collaborative and multidisciplinary nature of design, providing access to ideas and topics for a variety of audiences, meeting people as they are and wherever they are in their knowledge about design. Ultimately, *The Black Experience in Design* serves as both inspiration and a catalyst for the next generation of creative minds tasked with imagining, shaping, and designing our future.
