Boiling Point How Coming Cultural Shifts Will Change Your Life:

Boiling Point George Barna, Mark Hatch, 2003-11-26 Two decades ago a groundbreaking book called *The Frog in the Kettle* changed what we believe about the evangelical Church and its influence in America. Subsequent books by George Barna have become must reading for church leaders and concerned Christians everywhere. Now Barna takes a fresh look at the Church where we stand and where we are headed at the dawn of the new millennium. With revealing statistics from cutting edge research that illustrate the changing beliefs and attitudes in our society today, this book clearly shows the Church is at a crucial juncture in history, a time of rapid change in which we must begin to anticipate the world's needs in order to meet them. **An Introduction to Christian Worldview** Tawa J. Anderson, W. Michael Clark, David K.

Naugle, 2017-10-10 Why do worldviews matter? What characterizes a Christian worldview? Part of being a thoughtful Christian means being able to understand and express the Christian worldview as well as developing an awareness of the variety of worldviews. Well organized, clearly written, and featuring aids for learning, this is the essential text for either the classroom or for self study. *Go* Preston Sprinkle, 2016-09-15 Disciple making is a passion of many as it should be. It is after all our great commission. But much of contemporary discipleship is informed by instinct and as such it is vulnerable to the whims and trends of the broader culture which can take us further away from our biblical model and mandate. Drawing on a 2015 Barna Group study of the state of discipleship in the United States, commissioned by The Navigators, bestselling author Preston Sprinkle provides a holistic biblical response for discipleship, providing accessible tools for all those who are engaged in making Christ followers in the 21st century. Sprinkle points pastors, church leaders, and frankly all Christ followers to a discipleship that is responsive to this most current research and accountable to the model of Jesus and his earliest followers who counted making disciples as their most important work. In an extremely practical fashion, *Go* helps us to discern from the Scriptures and from exemplary disciple making ministries what discipleship is and is not, what it has become and what it can still be. **Hedges** Jerry B. Jenkins, 2024-10-01 How Do You Protect Your Marriage from the Temptations Surrounding You?

You set boundaries or as long married bestselling author Jerry Jenkins says, I plant hedges. Jenkins shares a list he created and adheres to as a gift of love for his wife. These rules are intended to protect his marriage by guarding his eyes, his heart, and his hands. But if you truly love your wife, why do you need hedges? Current statistics show the sad reality: Divorce rates continue to climb even for Christian marriages. Jenkins candidly shares, I have planted hedges around myself to protect me, my wife, my family, my employer, my church, and supremely the reputation of Christ. I share them not to boast but to admit that I'm fleeing and in the hope that they might be of some benefit to you. Find out why hedges are needed. Seven ways that Jerry Jenkins protects his marriage. How hedges help your family thrive. How to craft your own hedges of protection using a helpful study guide. *Hedges* originally released thirty-five years ago and now updated to address current cultural and marital issues, it's needed more than ever today. **11 Innovations in the Local Church** Elmer L. Towns, Ed Stetzer, Warren

Bird,2007-06-05 Join three seasoned church ministry experts on an insider's tour of the most innovative churches today Discover a dozen types of innovation each with profiles of congregations that have implemented that innovation This is more than a show and tell tour however Each chapter offers a solid take away for church leaders on how to learn and apply the appropriate innovation profiled The authors also offer scripturally based assessments of both the positive and negative implications of implementing each innovation providing guidance and wisdom There are many ways to present the gospel and this timely book will serve as a springboard for church leaders scratching their heads and asking themselves What should we do next By learning from a dozen different church types church leaders can become more intentional about exploring new directions and reaching more of the world for Christ

The Power of Vision George Barna,2009-01-02 In The Power of Vision George Barna invites church leaders to discover the power of God's vision for ministry Readers will learn how God has shared His vision throughout history how vision is different than mission common practices and beliefs that inhibit true vision practical steps toward practicing God's unique vision for them and ways to share and promote congregational ownership of the vision Barna's word to all Christian leaders Uncovering God's vision for your ministry is not an option As Barna clearly states To minister authentically and authoritatively you must first clarify your vision then embrace it and make it the focus of your life's work and the heartbeat of your church Vision is the insight God provides to instruct and direct our paths a reflection of what God wants to accomplish through us in building His kingdom With this clear picture from Him of where you are headed your chances of a successful journey are increased a thousandfold

Living in the Shadow of Reality Dr. Silas Gaines,2022-12-18 Westerners often make the mistake of discounting the spiritual aspects of life as not real imaginary a mere reflection of what is experienced in the real world by which they usually mean the physical world that we experience with our five senses Many claim that the concept of angels and demons are creations of our imagination that God or the gods of other religions are mere projections that we create for ourselves The argument goes like this Humans look at physical reality and then create imagine a shadow world the spirit world based upon our experience of real life But what if the opposite is true What if what we are experiencing with our five senses is really just a reflection in a pond What if the real begins with the spiritual and then is reflected into the physical If this hypothesis is true if indeed what we see happening around us in the physical world begins in the spiritual world and is only later manifested where we can perceive it with our five senses then that has profound implications for us in a practical sense If true this would mean that individual crimes acts of evil and aggression and perhaps even larger events armed conflicts terrorist strikes or man made catastrophes that occur

in our physical world might be avoided altogether if we can stop them at the spiritual level Likewise what if good might blossom in our physical world as a result of intervention at the spiritual level It certainly seems that we have evidence for both in human experience and in the scriptures Join Dr Silas Gaines as he walks his readers through a scriptural historical and personal journey to identify spiritual laws and principles that govern our current reality Gaines aids us in highlighting spiritual laws woven into the Created Order of which we are often dangerously ignorant and which often hold the keys to humanity flourishing in God's plans and purposes Gaines invites us to join in a journey that will open our eyes to new realities around us and empower us to walk into our God given destinies impacting people and the world around us as we were born to do
