Boko Haram And The Nigerian Insurgency:

Understanding Boko Haram James J. Hentz, Hussein Solomon, 2017-05-08 The primary objective of this book is to understand the nature of the Boko Haram insurgency in northeast Nigeria Boko Haram's goal of an Islamic Caliphate starting in the Borno State in the North East that will eventually cover the areas of the former Kanem Borno Empire is a rejection of the modern state system forced on it by the West The central theme of this volume examines the relationship between the failure of the state building project in Nigeria and the outbreak and nature of insurgency At the heart of the Boko Haram phenomenon is a country racked with cleavages making it hard for Nigeria to cohere as a modern state Part I introduces this theme and places the Boko Haram insurgency in a historical context There are however multiple cleavages in Nigeria ethnic regional cultural and religious and Part II examines the different state society dynamics fuelling the conflict Political grievances are common to every society however what gives Boko Haram the space to express such grievances through violence Importantly this volume demonstrates that the insurgency is in fact a reflection of the hollowness within Nigeria's overall security Part III looks at the responses to Boko Haram by Nigeria neighbouring states and external actors For Western actors Boko Haram is seen as part of the global war on terror and the fact that it has pledged allegiance to ISIS encourages this framing However as the chapters here discuss this is an oversimplification of Boko Haram and the West needs to address the multiple dimension of Boko Haram This book will be of much interest to students of terrorism and political violence insurgencies African politics war and conflict studies and IR in general *Impact of Boko Haram Insurgency on Nigeria's Relations with its Neighbours* Monsuru Rasaq, 2017-08-17 Bachelor Thesis from the year 2016 in the subject Politics Region Africa grade 70 0 Obafemi Awolowo University course International Relations language English abstract This study unravels the impact of Boko Haram insurgency on Nigeria's relations with its Neighbours This study analyses the nature and character of Nigeria's neighbours and discovers that it is most time responsible for a low profile in Nigeria's foreign policy gesture towards them This phenomenon is not unconnected to their perception of Nigeria as a hegemonic power in its neighbourhood given Nigeria demographic economic and military preponderance over them This perception of Nigeria by its neighbours has over the years contributed to their frosty relations notably the hostile gestures of Chad and Cameroon towards Nigeria the security concern that the internal crisis in Chad in the 1970s generated for Nigeria coupled with the presence of French forces in N Djamena at the eve of the Nigerian Civil War The study draws the attention to how Boko Haram insurgency further influences Nigeria's relations with its neighbours The outreach of Boko Haram insurgency beyond the boundary of Nigeria to include that of Nigeria's neighbours has worsened the existing frosty relations among them This is true if one considers the fact that the activities of the Boko Haram have gone beyond the north eastern part of Nigeria with its violent attacks on the Nigerian soil compounding the already existing economic crisis in Niger Republic kidnapping of prominent citizens of Cameroon and foreign nationals for ransom motive its use of Chad as a safe

haven and notably its thwarting of Nigeria's influence in its neighbourhood Boko Haram insurgency has forced Nigeria to concentrate more on its domestic issue The study therefore concludes by recommending to the government to adopt policies that are expansive and inclusive to address the crisis among which is the revamping of the socioeconomic condition and that attention should be given to border management and administration
