The Silver Age of Comic Book Art Arlen Schumer, 2014-09-09 Carmine Infantino Steve Ditko Jack Kirby Gil Kane Joe Kubert Gene Colan Jim Steranko Neal Adams Some of the greatest comic book artists of their generation who created some of their greatest work during The Silver Age of Comics circa 1956 1970 They not only drew definitive versions of the medium's greatest characters including The Flash Batman Captain America Superman Thor Green Lantern Spider Man Dr Strange Green Arrow and more but set trends in the art of comic book storytelling Now this popular and influential body of work along with each artist's thoughts ideas and commentary is presented in *The Silver Age of Comic Book Art* a coffee table comic book art history book written and designed in a daringly different format by comic book historian and illustrator Arlen Schumer and published in hardcover and digital e book editions by Archway Publishing from Simon Schuster Dynamic spreads of the actual printed comic art graphically enlarged are integrated with comic styled text often by the artists themselves that replaces the original comic book copy with more personalized prose that places the art firmly in the period it was created the turbulent 1960s By creating a comic book history book that reads like a comic book Schumer succeeds spectacularly in making you see as if for the first time the comics you've been reading your whole life

Arlen Schumer documents an important period in comic book history told with an explosive format and stunning design. It reflects the kinetic rhythm of the era. Will Eisner 1917-2005 creator of *The Spirit* and the graphic novel *A Contract with God*. Through the years I've had the pleasure of seeing many books that pay tribute to the art of comics but Arlen Schumer has created an entirely new format in presenting the art and words of the artists. It's the most comprehensive and personal way a fan or colleague can learn what lies beneath the art. Arlen has found the perfect way to inform and entertain. It's simply awesome and the best representation of my work ever. Gene Colan 1926-2011 legendary comic book artist. A lovingly crafted tribute to the superhero comic of the 1960s. *The Silver Age of Comic Book Art* recaptures the four color visionary surge of the era, its jet age psychedelic rush of imagination and the titanic luminous guises both real and imaginary that glittered in its moment. For a brief moment in the late 20th century it seemed as if the spirit of the age wore a vivid leotard, a chest emblem and traveled in a strobing blur of speed lines. For anyone with any interest in or affection for that moment, this beautiful volume is indispensable. Alan Moore author of *Swamp Thing* and *Watchmen*. Lent, Xu Ying, 2017-07-20 International Convention of Asia Scholars 2019 Book Prize Best Art Publication. In the most comprehensive and authoritative source on this subject, *Comics Art in China* covers almost all comics art forms in mainland China, providing the history from the nineteenth century to the present as well as perspectives on both the industry and the art form. This volume encompasses political social and gag cartoons, *lianhuanhua* picture books, comic books, humorous drawings, cartoon and humor periodicals, and *donghua* animation while exploring topics ranging from the earliest Western influenced cartoons and the popular, often salacious 1930s humor magazines to cartoons as wartime propaganda and comics art in the reform. Coupling a comprehensive review of secondary materials, histories, anthologies, biographies, memoirs, and more in English and Chinese with the artists' actual works, the result spans more than two centuries of Chinese animation. Structured chronologically, the study begins with precursors in early China and proceeds through the Republican, wartime Communist, and market economy periods. Based primarily on interviews, senior scholar John A. Lent and Xu Ying conducted with over one hundred cartoonists, animators, and other comics art figures, *Comics Art in China* sheds light on tumult and triumphs. Meticulously, Lent and Xu describe the evolution of Chinese comics within a global context, probing the often tense relationship between expression and government as well as proving that art can be a powerful force for revolution. Indeed, the authors explore Chinese comics art as it continues to grow and adapt in the twenty-first century. Enhanced with over one hundred black and white and color illustrations, this book stands out as not only the first such survey in English but perhaps the most complete one in any language. **Judy, or, The London serio-comic journal, ed. by C.H.**
