A History of Slavery and Emancipation in Iran, 1800-1929 Behnaz A. Mirzai, 2017-05-16 The first history of slavery in this key Middle Eastern country and how it shaped the nation's unique character Slavery in the Middle East is a growing field of study but the history of slavery in a key country Iran has never before been written This history extends to Africa in the west and India in the east to Russia and Turkmenistan in the north and to the Arab states in the south As the slave trade between Iran and these regions shifted over time it transformed the nation and helped forge its unique culture and identity Thus a history of Iranian slavery is crucial to understanding the character of the modern nation Drawing on extensive archival research in Iran Tanzania England and France as well as fieldwork and interviews in Iran Behnaz A. Mirzai offers the first history of slavery in modern Iran from the early nineteenth century to emancipation in the mid twentieth century She investigates how foreign military incursion frontier insecurity political instability and economic crisis altered the patterns of enslavement as well as the ethnicity of the slaves themselves Mirzai's interdisciplinary analysis illuminates the complex issues surrounding the history of the slave trade and the process of emancipation in Iran while also giving voice to social groups that have never been studied enslaved Africans and Iranians Her research builds a clear case that the trade in slaves was inexorably linked to the authority of the state During periods of greater decentralization slave trading increased while periods of greater governmental autonomy saw more freedom and peace This is a major contribution to the study of enslavement in Iran which will doubtlessly become a must read for any future studies of Middle Eastern and Islamic enslavement and abolition as well as for any work on Iranian history in general Ehud R Toledano Tel Aviv University author of *As If Silent and Absent: Bonds of Enslavement in the Islamic Middle East* While this book will be revelatory to scholars of Iran it also promises to engage with theoretical trends in the study of slavery elsewhere It frames many research questions broadly to engage with scholars of slavery in other Muslim lands as well as slavery elsewhere Kamran Scot Aghaie University of Texas at Austin coeditor of *Rethinking Iranian Nationalism and Modernity*
