The Photoshop Elements 9 Book for Digital Photographers Scott Kelby, Matt Kloskowski, 2010-12-07 This book breaks new

ground by doing something for digital photographers that's never been done before it cuts through the bull and shows you exactly how to do it It's not a bunch of theory it doesn't challenge you to come up with your own settings or figure things out on your own Instead it does something that virtually no other Elements book has ever done it tells you flat out which settings to use when to use them and why If you're looking for one of those tell me everything about the Unsharp Mask filter books this isn't it You can grab any other Elements book on the shelf because they all do that Instead this book gives you the inside tips and tricks of the trade for organizing correcting editing sharpening retouching and printing your photos like a pro You'll be absolutely amazed at how easy and effective these techniques are once you know the secrets LEARN HOW THE PROS DO IT Each year we train thousands of digital photographers and almost without exception they have the same questions and face the same problem that's exactly what we cover in this book You'll learn The real secrets of how the pros retouch portraits How to color correct any photo without breaking a sweat you'll be amazed at how they do it How to use Camera Raw for processing not only RAW photos but JPEGs and TIFFs too And you'll learn why so many pros like it best because it's faster and easier The sharpening techniques the pros really use there's an entire chapter just on this How to deal with common digital camera image problems including removing noise and avoiding halos The most requested photographic special effects and much more THE BOOK'S SECRET WEAPON Although Elements 9 offers some digital photography features that Photoshop CS5 doesn't offer there are plenty of features that Photoshop CS5 has that Elements 9 still doesn't have things like paths Channel Mixer etc But in this book you'll learn some slick workarounds cheats and some fairly ingenious ways to replicate many of those Photoshop features from right within Elements Plus since this book is designed for photographers it doesn't waste your time talking about how to frame a shot set your exposure etc and there's no talk about which camera or printer to buy It's all Elements step by step cover to cover in the only book of its kind [Internet Business Foundations](#) ,2005 [Catalog of Federal Domestic Assistance](#) ,1993 Identifies and describes specific government assistance opportunities such as loans grants counseling and procurement contracts available under many agencies and programs
