Awaken the Power Within Albert Amao, 2018-06-05 The 12 billion self help industry is under constant attack for pedaling false miracles to duped believers But sociologist Albert Amao demonstrates that Americans eagerly support self help books seminars and programs because under the right conditions these things work Sociologist Albert Amao analyzes the accuracy of self help and positive thinking claims in this groundbreaking and wholly unexpected exploration of what works what doesn't and why Regarding my personal experience Amao writes I can testify that positive thinking and positive action have worked wonderfully for me Born in a poor Latin American country into a very impoverished family with both parents practically illiterate I was the oldest of five children I started working when I was six years old shining shoes and selling newspapers to help my family Nobody then would have believed that I would be able to finish high school Nevertheless I was able to do it going to night school which allowed me to be admitted at the San Marcos University in Lima to get my Ph D in sociology All these things were possible because when I was teenager I had access to New Thought or positive thinking philosophy Contrary to the critics who blithely dismiss self help methods or the New Age gurus who sell it them as miracles Amao writing with sobriety scholarship and drawing on deep personal experience explores the conditions under which self help is authentic

D., 2012 We are at the threshold of a transitional period from the Age of Pisces to the Age of Aquarius What should we expect from this coming New Era What are its signs What is the fate of human spirituality What will the new concepts of God and of religion be This book attempts to answer these questions based on well researched sources complemented and endorsed by cosmology archeology psychology religion Near East studies and mythology among other scientific disciplines The book also intends to clarify the confusion created by some Protestant religious leaders and sensationalistic writers who have misinterpreted the signs of the transitional period as the end of the world The truth is that we are witnessing a shift of ages that is the slow evolution from the Piscean Era to the commencing of a new worldwide social order a new chapter in human history called the Aquarian dispensation The huge conspiracy propounded by false prophets and some New Age writers whether overtly or covertly feeds the fear and anxiety of ordinary people with unfounded apocalyptic propaganda This book attempts to give the reader an accurate perspective regarding the planetary transformations that are taking place it offers hope and inspiration as we approach the Golden Age

A Solution to a Pointless Life Albert Amao Soria Ph.D.,2023-04-20 This book empowers the reader to awaken his inner power by providing psychological and metaphysical tools for improving their life Humans should undertake the power dwelling in them and become active co creators of their personal and social environment The book is a necessary component in a materialistic post modern consumeristic society It focuses on removing the self loathing ideas imposed by religious organizations and mass media Moreover it offers a plausible and coherent theory that answers the old honored predicament of finding the true purpose of human existence Blending ideas from philosophers with the popular wisdom of native folklore Occidental and Oriental sacred scriptures sociology metaphysics philosophy existentialism and modern quantum physics this book reveals that humans should actively participate in the awakening of their consciousness Having no purpose in life can lead people to a deep psychological depression called existential anxiety Thus ignoring the role of man s importance in the drama of the universe the lack of a myth or meaning could be tragic and detrimental Since the dawn of civilization humans have taken for granted or assumed that they had an inherent purpose in life by being born which turned out to be a big fallacy In addition humans have been brainwashed and domesticated by false ideas creating a herd mentality by the ruling elite Under these circumstances how do we humans find authentic meaning in what seems to be a senseless life Modern philosophy has become increasingly abstract and separate from human beings unable to offer positive guidance to ordinary people Finding a purpose in human existence is the primary motivational force for human existence The ultimate purpose of human existence is to become a conscious god

The Apocalypse of the Aquarian Age Albert Amao Soria Ph.D.,2021-02-23 Humanity has stepped at the beginning of the Water Carrier Age s threshold Its influence is gradually being felt in all areas of life This is the time for spiritual renewal and the turning point for the shifting of consciousness Contrary to the period of mental bondage prejudice and religious bigotry which was the Piscean Era characteristic we are awakening to another chapter of human history leading to the realization of the Oneness of life and the human race s interconnectedness The world is currently undergoing radical socio economic and political upheavals because we are transitioning from one chapter of human history to another Some religious leaders and sensationalistic New Age writers have taken these dramatic changes as signs of the end of the world Contrary to that this work postulate that the challenging events indicate the close of one chapter of human history and the beginning of a new one We embrace and celebrate the coming of a new age of enlightenment the awareness of human beings brotherhood

Awaken the Power Within Albert Amao,2018-06-05 The 12

billion self help industry is under constant attack for pedaling false miracles to duped believers But sociologist Albert Amao demonstrates that Americans eagerly support self help books seminars and programs because under the right conditions these things work Sociologist Albert Amao analyzes the accuracy of self help and positive thinking claims in this groundbreaking and wholly unexpected exploration of what works what doesn't and why Regarding my personal experience Amao writes I can testify that positive thinking and positive action have worked wonderfully for me Born in a poor Latin American country into a very impoverished family with both parents practically illiterate I was the oldest of five children I started working when I was six years old shining shoes and selling newspapers to help my family Nobody then would have believed that I would be able to finish high school Nevertheless I was able to do it going to night school which allowed me to be admitted at the San Marcos University in Lima to get my Ph D in sociology All these things were possible because when I was teenager I had access to New Thought or positive thinking philosophy Contrary to the critics who blithely dismiss self help methods or the New Age gurus who sell it them as miracles Amao writing with sobriety scholarship and drawing on deep personal experience explores the conditions under which self help is authentic The Art of Deception is the Rule of Life Albert Amao Soria Ph.D.,2024-07-09 This book is a spiritual journey of self discovery for those open minded and willing to embrace the truth even if it means confronting deep rooted false beliefs inherited from our ancestors It is a call to step out of the comfort of blissful ignorance and into the light of personal enlightenment Ignoring the truth may provide temporary solace but it can lead to greater despair and fear in the long term This existential gap is usually filled with religions myths and legends however these stories may not be entirely factual Nevertheless they provide solace and a sense of purpose in life so they are often considered well intentioned pious fiction Many desire to know the truth but few are genuinely prepared to handle it This book challenges many core beliefs and convictions held as accurate it may lead to existential conflict As King Solomon wisely said For with much wisdom comes much sorrow the more knowledge the more grief Ecclesiastes 1:18 These words resonate with the essence of this book inviting you to embark on a journey of self discovery and truth seeking It highlights the transformative potential of this process as those who can confront the truth honestly undergo a psychological catharsis a liberation of erroneous assumptions Thus this book is not for the faint of heart More than 2 500 years ago Buddha stated that life is an illusion and today's most accurate science quantum physics asserts that we live in virtual reality The truth can challenge our deepest convictions and induce confusion because we live based on false assumptions imposed by our ancestors mass media outdated education systems and traditional erroneous beliefs *The Making of Mbano* Ogechi E. Anyanwu,2021-08-10 Through in depth qualitative analysis of data from archives and research sites in Nigeria the United Kingdom and the United States *The Making of Mbano* British Colonialism Resistance and Diplomatic Engagements in Southeastern Nigeria 1906-1960 argues that African people in Mbano consistently and fearlessly invoked their pre colonial socio cultural political and economic values in resisting scrutinizing and ultimately negotiating with the British colonial

government In investigating Africa's complex and diverse engagements with the British through the lens of the Mbano colonial experience Ogechi E Anyanwu highlights the fascinating intersection of foreign and indigenous notions of community culture political economy religion and gender in shaping the Mbano colonial identity Anyanwu carefully introduces readers to a wider variety of people in colonial Mbano who contributed to the historical experience of Southeastern Nigeria and whose names do not appear in history books
