The Spiritual Magic of Dolls Najah Lightfoot, 2025-11-03 Dolls have been both beloved companions and instruments of magic for millennia In *The Spiritual Magic of Dolls* author Najah Lightfoot bridges these two uses companionship and magic to enable readers to develop profound magical and spiritual relationships with their own dolls **Spirit of Revenge** S. J Smale, 2018-02-20 Revenge Well it seems the cleaning fairys been here he whispered in her ear Stella nodded and moved slowly toward the door itching to get to her bedroom where she left her gun She didnt like feeling at a disadvantage George stayed close by her side as they made their way to her bedroom He kept his shield around her as she cautiously walked over to the chair by her closet and watched her quickly pull on her shoulder harness that cradled her gun Feeling more secure now that she was armed Stella turned narrowing her eyes searching the room At first glance nothing seemed to be disturbed But when she looked at the mirror over the vanity her eyes widened Words were written on the mirror with her favorite lipstick How does it feel knowing I can take from you like you took from me I will have my revenge Secrets Over the last year Stella was forced to face the fact that indeed she was different One blow after another continually hit her from her heritage almost destroying her mental health If it werent for George Smale coming into her life at that time she knew she might have been stuck in a psychiatric ward somewhere for the insane Of course he would say it was her own inner strength that kept her balanced precariously on the thin line of sanity Whatever the reason for her keeping her sanity intact she was tremendously grateful for it She accepted not only her heritage now but also the fact that she was a direct descendant of Queen Ravena and Prince Gareg She now considered this fact a gift Even though she had royal blood flowing through her and was considered the most powerful being in the human world Stella insisted on dealing with problems the normal human way As a private investigator she relied on facts and procedures the same way she relied on them when she was a lieutenant on the police force Now the most important thing was to keep what they were a secret from the rest of the world Magic must always be kept a secret **An Anthropological Study of Spirits** Christine S. VanPool, Todd L. VanPool, 2023-05-28 This book discusses the cultural importance of spirits what spirits want and how humans interact with them using examples from around the world and through time Examples range from the vengeful spirits of the Zulu that cast lightning bolts from clear skies to punish wrongdoers to the benevolent Puebloan Kachina that encourage prosperity safety and rain in the arid American Southwest The case studies illustrate how humans seek to cooperate or counteract spirits to heal the physical and spiritual ailments of their people to divine the truth or to gain resources Building from their cross cultural analyses the authors further discuss how our physiology and psychology impact our interaction with the spirits Readers will come away with an appreciation of the beauty and power of the spirits that continue to shape the lives of people around the world

The proud Miss Annabelle comes from the first family of the wizard world. From the moment they met, she deeply hated Lawson Browning from the slums. They regarded each other as sworn enemies and fought to the death in various daily battles, performing a series of confusing wizard behaviors. This story has a unique style, three-dimensional characters, a strong sense of animation, and a novel and complete world view. The two protagonists are both enemies and friends, entangled with each other, and their daily struggles are full of arrogance and prejudice, but they also make equally amazing efforts to get closer to each other, embarking on an alternative two-way run.
