The A to Z of the Jacksonian Era and Manifest Destiny Terry Corps, 2009-07-27 The brief period from 1829 to 1849 was one of the most important in American history During just two decades the American government was strengthened the political system consolidated and the economy diversified All the while literature and the arts the press and philanthropy urbanization and religious revivalism sparked other changes The belief in Manifest Destiny simultaneously caused expansion across the continent and the wretched treatment of the Native Americans while arguments over slavery slowly tore a rift in the country as sectional divisions grew and a national crisis became almost inevitable The A to Z of the Jacksonian Era and Manifest Destiny takes a close look at these sensitive years Through a chronology that traces events year by year and sometimes even month by month actions are clearly delineated The introduction summarizes the major trends of the epoch and the four administrations therein The details are then supplied in several hundred cross referenced dictionary entries and the bibliography concludes this essential tool for anyone interested in history
