

A vintage typewriter sits on a dark wooden desk. Behind the desk is a large, dark wood bookshelf filled with books. The scene is dimly lit, with a warm, slightly grainy aesthetic. The text is overlaid in a bold, white, pixelated font.

A Story Is A Promise The Spirit Of Storytelling:

A Story Is a Promise & the Spirit of Storytelling Bill Johnson, 2014-03-01 Bill Johnson's writing workbook has three sections each designed to help new and experienced authors alike to better understand the craft of storytelling. A Story is a Promise explores the mechanics of how a story transports an audience. Deep Characterization explores what happens when story characters are an extension of authors. The Spirit of Storytelling suggests techniques for authors to create characters with fully realized inner lives: characters who are vibrant, dynamic and resonate with readers. The book includes an outline of *The Lovely Bones* and detailed reviews of *Romeo and Juliet* the play, *The Heidi Chronicles* play, *The Shawshank Redemption*, *The Usual Suspects* movies and *The Exorcist* novel. These reviews are meant to help writers understand the underlying process that creates popular stories. From author Carolyn J. Rose, Bill's work made me take a longer look at what matters to readers and what matters to me as a reader at the emotional core. I feel my characters are deeper and more memorable because of what I learned.

The Diamond Spirit Trilogy: Adventure horse stories bundle - Diamond Spirit; Moonstone Promise; Opal Dreaming, **Narrative Dynamics in Paul**

Bruce W. Longenecker, 2002-01-01 Are Paul's letters undergirded and informed by key narratives and does a heightened awareness of those narratives help us to gain a richer and more rounded understanding of Paul's theology? The last two decades of the twentieth century witnessed an increasing interest in the narrative features of Paul's thought. A variety of studies since that period have advanced story as an integral and generative ingredient in Paul's theological formulations. In this book a team of leading Pauline scholars assesses the strengths and weaknesses of a narrative approach looking in detail at its application to particular Pauline texts.

A Life in Storytelling Binnie Tate Wilkin, 2014-03-25 A Life in Storytelling contains the reflections and lessons from one of the most noted storytellers of our times. Fifty years of storytelling has provided Binnie Tate Wilkin with the experiences and insights to form the basis of a text for the storyteller both for the professional librarian/teacher or parent wanting to provide children with substance through story. The sections of the book are designed to provide background material for the art and craft of storytelling: the methods and uses of storytelling sources and examples of stories and a broad selection of over 100 stories briefly annotated. Included are sections that explain how to derive or adapt stories from current events, history or imaginative writings and a detailed treatment in the use of dance in storytelling, a technique that if not invented by Wilkin has become a trademark of her approach. The treatment is always informal and personal and is interleaved with anecdotes drawn from the author's more than 50 years of storytelling.

The Promise of Narrative Theology George W. Stroup, 1997-09-18 This book is an experiment in systematic theology. It is an

attempt to see if a particular interpretation of Christian narrative speaks to the situation of Christians in affluent western cultures a context in which Christian identity is increasingly problematic Stroup s work purposes to determine if the use of narrative in theology casts any new light on what Christians mean by revelation the doctrine some Christian theologians have appealed to as the basis for what Christians know and confess about God

To Tell the Sacred Tale Ruffing, Janet K., RSM,2011 This book shows the singular importance of narrative in the process of spiritual direction and reflects on this interactive process of sharing our sacred stories in pastoral contexts in order to hear and respond more deeply to the story God is telling in our lives

Stories of Desire and Narratives of Faith Victor Hunter,Lanny Hunter,2019-04-02 Stories are the foundation for identity and the ground of understanding Stories of Desire and Narratives of Faith addresses humankind s search for identity and meaning through the stories of science and religion Both arose in the mists of history Both are awe inspiring Both beggar the imagination Both have always competed for authority Science gained preeminence in our postmodern pluralistic globalized world as evidenced based while religion for many reasons lost credibility Yet religion has not disappeared Stories is a concise engaging inspiring accessible account of the history of science geological and biological evolution perceived through increasingly sophisticated technology and the history of nine text based world religions of antiquity Stories avoids insider language democratizing both God talk and scientific jargon without patronizing either There is no attempt to identify the best or truest religion and Stories disavows dogmatic religious triumphalism The authors do follow the tradition of giving an account of their Christian faith the only religious story with which they have experience They invite others to do the same paying attention to their own stories as they grapple with modern science do theology and engage faith Stories proposes how and in what manner these disciplines can meaningfully converse in today s world

Spiritual Leadership Henry T. Blackaby,Richard Blackaby,2011 The revised edition of the Blackabys Experiencing God encourages business and church leaders alike to follow God s biblical design for organizational success

Trial Stories in Jewish Antiquity Chaya T. Halberstam,2025-05-15 What can early Jewish courtroom narratives tell us about the capacity and limits of human justice By exploring how judges and the act of judging are depicted in these narratives Trial Stories in Jewish Antiquity Counternarratives of Justice challenges the prevailing notion both then and now of the ideal impartial judge As a work of intellectual history the book also contributes to contemporary debates about the role of legal decision making in shaping a just society Chaya T Halberstam shows that instead of modelling a system in which lofty inaccessible judges follow objective and rational rules ancient Jewish trial narratives depict a legal practice dependent upon the individual judge s personal relationships reactive emotions and impulse to care Drawing from affect theory and feminist legal thought Halberstam offers original readings of some of the most famous trials in ancient Jewish writings alongside minor case stories in Josephus and rabbinic literature She shows both the consistency of a counter tradition that sees legal practice as contingent upon relationship and emotion and the specific ways in which that perspective was manifest in changing times

and contexts
