God in the Labyrinth Andrew Hollingsworth, 2019-10-11 In *God in the Labyrinth* Andrew Hollingsworth uses Umberto Eco's semiotic concept of the model encyclopedia as the basis for a new model and approach to systematic theology Following an in depth analysis of the model encyclopedia in Eco's semiotics he demonstrates the implications this model has for epistemology hermeneutics and doctrinal development This work aims to bridge the unfortunate gap in research that exists between the fields of systematic theology and semiotics by demonstrating semiotic insights for theological method

A Theory of General Semiotics Abraham Solomonick, 2015-09-10 This book is devoted to the topic of general semiotics It formulates some of the central laws and parameters of the paradigm of general semiotics and illustrates them with various examples from branch semiotics from the systems of semiotics of that are already in use in particular fields of endeavour These laws and illustrations will prove useful for every distinct instance of branch semiotics both those that are already well established and those that will appear in the future

A Theory of Computer Semiotics Peter Bøgh Andersen, 1997-04-28 Semiotics is the science of signs graphical such as pictures verbal writing or sounds or others such as body gestures and clothes Computer semiotics studies the special nature of computer based signs and how they function in use This 1991 book is based on ten years of empirical research on computer usage in work situations and contains material from a course taught by the author It introduces basic traditional semiotic concepts and adapts them so that they become useful for analysing and designing computer systems in their

symbolic context of work It presents a novel approach to the subject rich in examples in that it is both theoretically systematic and practical The author refers to and reinterprets techniques already used so that readers can deepen their understanding In addition it offers new techniques and a consistent perspective on computer systems that is particularly appropriate for new hardware and software e g hypermedia whose main functions are presentation and communication This is a highly important work whose influence will be wide and lasting *Semiotics and the Philosophy of Language* Umberto Eco,1986-07-22 Eco wittily and enchantingly develops themes often touched on in his previous works but he delves deeper into their complex nature this collection can be read with pleasure by those unversed in semiotic theory Times Literary Supplement [Fifty Key Postmodern Thinkers](#) Stuart Sim,2013-08-21 Postmodernism is an important part of the cultural landscape which continues to evolve yet the ideas and theories surrounding the subject can be diverse and difficult to understand Fifty Postmodern Thinkers critically examines the work of fifty of the most important theorists within the postmodern movement who have defined and shaped the field bringing together their key ideas in an accessible format Drawing on figures from a wide range of subject areas including literature cultural theory philosophy sociology and architecture those covered include John Barth Umberto Eco Slavoj Zizek Cindy Sherman John Cage Jean Francois Lyotard Charles Jencks Jacques Derrida Homi K Bhabha Quentin Tarantino Each entry examines the thinkers career key contributions and theories and refers to their major works A valuable resource for those studying postmodern ideas at both undergraduate and postgraduate level this text will appeal across the humanities and social sciences **A Theory of Narrative** Alojzija Zupan Sosič,2022-09-08 Relying on the structure and methodology of classical and postclassical narratology this book explores the phenomena of story and narrative narrator focalization character time and space as well as the beginning and the ending of a narrative It upgrades the theory of the unreliable narrator and introduces three new categories that have until now been exclusively used to refer to unreliable narrators namely commentators interpreters and evaluators **Semiotics and the Theory of Openness** Sangjin Park,2001
