A Vast Amount Of Trouble A History Of The Spring Creek Raid

Patrick T. Holscher

A Vast Amount Of Trouble A History Of The Spring Creek Raid:

A Vast Amount of Trouble John W. Davis, 1993 *A Vast Amount of Trouble* is the first comprehensive study of the most important incident between sheepmen and cattlemen in Wyoming history. Although sheep raids in Wyoming had occurred for years where men were killed and thousands of sheep slaughtered, no cowboy had ever been convicted of a crime associated with a sheep raid. The story begins in late March 1909 when five sheepmen headed east from Worland, Wyoming, driving 5,000 head of sheep. A few days later the men and their sheep camped on the banks of Spring Creek where they thought they had safely brought the herd across the cattlemen's deadline beyond which sheep were forbidden. That evening, however, the camp was raided by seven cowboys and three of the sheepmen were brutally murdered. *State v Brink*, the trial that followed, what is now known as the Spring Creek Raid, was one of the great symbolic struggles in Wyoming history, the final focus of the decades-long battle between sheepmen and cattlemen. Before the trial ended, the governor of Wyoming became deeply involved, as did the French ambassador to the United States. Big Horn County almost went broke, the militia was called out, and many people went through an experience that became the defining event of their lives. The convictions of Herbert Brink and four of the assailants marked the only time that cowboys in Wyoming were found guilty of raiding a sheep camp, but the convictions put an abrupt halt to the killing that had plagued Wyoming for years.

The Blackwater Fire and the Men Who Fought It Karl Brauneis, 2024-11-13 At 3:30 p.m. on August 21, 1937, the Blackwater Fire blew up west of Cody, Wyoming, on the Shoshone National Forest. Fifteen firefighters perish in the conflagration, and more than forty are injured. Travel back in time to the horse and mule days of a frontier state and engage a forest fire in the rugged Absaroka Mountains. Gain the upper hand, then see it all go so terribly wrong in a matter of seconds. How do we, as individuals and organizations, respond to disaster when tragedy strikes? Do we investigate to study and draw conclusions? Do we analyze the situation and file a report to be forgotten? Is that enough? Or do we say No? There has to be more. There must be a new beginning. The fallen cry out for it. Soon young men will parachute from airplanes to hang up in trees and attack forest fires before they become the next tragedy. They will call themselves smokejumpers, and they will be the first to get there, and they will carry the Blackwater with them in the crack of silk as they jump the big sky over our western forests.

The Trial of Tom Horn John W. Davis, 2016-03-31 For weeks in 1902 it commanded headlines. All of Wyoming and much of the West followed the trial of Tom Horn for the murder of a fourteen-year-old boy. John W. Davis's book, the only full-length account of the trial, places it in perspective as part of a larger struggle for control of Wyoming's grazing land. Davis also portrays an enigmatic defendant who, more than a century after his conviction and hanging, perplexes us still. Tom Horn was one of the most fascinating figures in the history of the West. Employed as a Pinkerton and then as a range detective, he had a reputation as a loner and a braggart with a brutal approach to law enforcement, even before he was accused of murdering young Willie Nickell. Cattlemen saw Horn as protecting their way of life, but most people in Wyoming saw him as a hired assassin, an instrument of

oppression by cattle barons willing to use violent intimidation to protect their assets The story began on July 18 1901 when Willie Nickell was shot by a gunman lying in ambush the killer was apparently after Willie s father who had brought sheep into the area Six months later Tom Horn was arrested The trial pitted the Laramie County district attorney against a crack team of defense lawyers hired by big cattlemen Against all predictions the jury found Horn guilty of first degree murder Despite appeals that went all the way to the state supreme court and the governor Horn was hanged in Cheyenne in 1903 The trial and conviction of Tom Horn marked a major milestone in the hard fought battle against vigilantism in Wyoming Davis himself a trial lawyer has mined court documents and newspaper articles to dissect the trial strategies of the participating attorneys His detailed account illuminates a larger narrative of conflict between the power of wealth and the forces of law and order in the West

Goodbye, Judge Lynch John W. Davis, 2006-01-20 Tells the fascinating story of how lawlessness finally came to an end in the Big Horn Basin of northern Wyoming one of the last frontiers in the continental United States

Holscher, 2014-03-18 Wyoming might be known as the least populous state but this land of mountains and prairies is home to enough history to provide an entertaining footnote for each day of the year On September 6 1870 Wyoming was the first state to give women the right to vote and on March 1 1872 Yellowstone became the world s first National Park JCPenney opened its doors in Kemmerer on April 14 1902 while May 1 1883 marks Buffalo Bill Cody s very first Wild West Show Join Pat Holscher on a day by day look at some of the Equality State s most fascinating factoids
