Smith,2017 This work is a comprehensive account of the racing cars that were powered by Porsche engines but where the chassis and development of the car was done by others The first book on the subject it is illustrated with many previously unpublished photos and answers many questions for the enthusiast and newcomer alike *A to Z of Sports Cars, 1945-1990* Mike Lawrence,1996 More than 1 000 photographs in b w and color illustrate the extraordinary variety of sports cars that have been offered to the public All the great names are featured including cars from Israel Egypt Spain Switzerland Norway and Brazil The Chequered Past David Anderson Charters,2007-01-01 In the forty year period between 1951 and 1991 Canadian sports car competition underwent a massive change transforming itself from an amateur recreational pastime to a commercialized profession and from an individual sport to a spectacle for mass consumption The Chequered Past is the story of the struggle over power and purpose within the Canadian auto sport that led to this transformation The first comprehensive history of sports car racing and rallying in Canada The Chequered Past traces the efforts of the national governing body the Canadian Auto Sport Clubs CASC to bring its sports car competition up to a world class level and to manage the consequences of those efforts in the second half of the twentieth century David Charters traces the social origins of the sport and the major trends that shaped it professionalism technological change rising costs and the influence of commercial sponsors Charters argues that while early enthusiasts set the sport on a course toward professionalism that would eventually produce world class Canadian events and racers that course would also ultimately change the purpose of the sport from personal recreation to mass entertainment As technological innovations drove up the costs of competing at the top ranks racers were forced to rely on sponsors who commercialized and ultimately gained control of the sport The end result Charters argues was the marginalization of the amateur competitor and of the CASC itself Based on extensive research into the CASC s records and dozens of interviews with former competitors and officials The Chequered Past opens a window into the rich but virtually unknown history of the auto sport and claims for it a place in Canadian sports history **The A-Z of Modern Design** Bernd Polster,2009 This encyclopedia is the most comprehensive guide available to international product design of the twentieth and twenty first centuries It includes 300 entries on influential designers and studios and the most important design led manufacturers worldwide both past and present Automotive Literature Index ,1983 Vol for 1947 76 indexes Car and driver Motor trend and Road 1977 81 indexes 15 American automotive journals *Complete vehicle*
