Electronic Literature Scott Rettberg, 2018-12-14 Electronic Literature considers new forms and genres of writing that exploit the capabilities of computers and networks literature that would not be possible without the contemporary digital context In this book Rettberg places the most significant genres of electronic literature in historical technological and cultural contexts These include combinatory poetics hypertext fiction interactive fiction and other game based digital literary work kinetic and interactive poetry and networked writing based on our collective experience of the Internet He argues that electronic literature demands to be read both through the lens of experimental literary practices dating back to the early twentieth century and through the specificities of the technology and software used to produce the work Considering electronic literature as a subject in totality this book provides a vital introduction to a dynamic field that both reacts to avant garde literary and art traditions and generates new forms of narrative and poetic work particular to the twenty first century It is essential reading for students and researchers in disciplines including literary studies media and communications art and creative writing

Research on Alcoholics Anonymous and Spirituality in Addiction Recovery Marc Galanter, Lee Anne Kaskutas, 2008-12-05 It was once taken for granted that peer assisted groups such as Alcoholics Anonymous had no real value in recovery from addiction More recently evidence based medicine is recognizing a spiritual component in healing especially when it comes to addiction The newest edition of Recent Developments in Alcoholism reflects this change by focusing on the 12 step model of recovery as well as mindfulness meditation and other spiritually oriented activity More than thirty contributors bring together historical background research findings and clinical wisdom to analyze the compatibility of professional treatment and nonprofessional support day to day concepts of relapse prevention the value of community building in recovery and much more Among the topics covered 1 How and why 12 step groups work 2 The impact of the spiritual on mainstream treatment 3 The impact of AA on other nonprofessional recovery programs 4 AA outcomes for special populations 5 Facilitating involvement in 12 step programs 6 Methods for measuring religiousness and spirituality in alcohol research Whether one is referring clients to 12 step programs or seeking to better understand the process this is a unique resource for clinicians and social workers Developmental psychologists too will find Volume 18 Research on Alcoholics Anonymous and Spirituality in Addiction Recovery a worthy successor to the series
