Practising Virtue David D. Caron, Stephan W. Schill, Abby Cohen Smutny, Epaminontas E. Triantafilou, 2015-11-12 International arbitration has developed into a global

system of adjudication dealing with disputes arising from a variety of legal relationships between states between private commercial actors and between private and public entities It operates to a large extent according to its own rules and dynamics a transnational justice system rather independent of domestic and international law In response to its growing importance and use by disputing parties international arbitration has become increasingly institutionalized professionalized and judicialized At the same time it has gained significance beyond specific disputes and indeed contributes to the shaping of law Arbitrators have therefore become not only adjudicators but transnational lawmakers This has raised concerns over the legitimacy of international arbitration Practising Virtue looks at international arbitration from the inside with an emphasis on its transnational character Instead of concentrating on the national and international law governing international arbitration it focuses on those who practise international arbitration in order to understand how it actually works what its sources of authority are and what demands of legitimacy it must meet Putting those who practise arbitration into the centre of the system of international arbitration allows us to appreciate the way in which they contribute to the development of the law they apply This book invites eminent arbitrators to reflect on the actual practice of international arbitration and its contribution to the transnational justice system Compendium of International Commercial Arbitration Forms Sigvard Jarvin, Corinne Nguyen, 2017-06-01 International arbitration of business disputes continues to rise dramatically New people entering the international arbitration community on all continents require a systematic guide to avoid a mere trial and error approach This book first of its kind with numerous practical examples of the drafting of documents for each step of an international arbitration proceeding under different arbitration rules and in different countries allows actual ready to adapt forms to be located quickly for any issue likely to arise and clearly illustrates the different drafting styles used in practice In one volume in a single place scores of documents are provided all originating from real cases A brief sample includes inter alia the following request for arbitration answer counterclaim claimant's reply to counterclaim terms of reference rules of procedure timetable for submissions procedural orders written pleadings statement of claim defence witness statements depositions affidavits requests orders for the production of documents discovery requests orders on interim measures security for costs hearings opening statement closing statement submissions on costs awards interim partial final by consent and requests decisions on correction and interpretation of awards Explanatory comments on more complex forms help to raise the readers awareness on a specific issue or discussion Emphasis throughout is on procedural aspects No other book makes it so easy to find all the information necessary to prepare a case or take a decision in the context of international commercial arbitration These forms will be of immeasurable value to corporate counsel management in instructing outside counsel practitioners dealing with international arbitration lawyers arbitrators members organizations in industry and commerce arbitration centres especially newer ones in emerging markets academic libraries and bar associations
