Aesthetics Of The Natural Environment:

The Aesthetics of Natural Environments Allen Carlson, Arnold Berleant, 2004-02-10 The Aesthetics of Natural Environments is a collection of essays investigating philosophical and aesthetics issues that arise in our appreciation of natural environments The introduction gives an historical and conceptual overview of the rapidly developing field of study known as environmental aesthetics The essays consist of classic pieces as well as new contributions by some of the most prominent individuals now working in the field and range from theoretical to applied approaches The topics covered include the nature and value of natural beauty the relationship between art appreciation and nature appreciation the role of knowledge in the aesthetic appreciation of nature the importance of environmental participation to the appreciation of environments and the connections between the aesthetic appreciation of nature and our ethical obligations concerning its maintenance and preservation This volume is for scholars and students focussed on nature landscapes and environments individuals in areas such as aesthetics environmental ethics geography environmental studies landscape architecture landscape ecology and the planning and design disciplines It is also for any reader interested in and concerned about the aesthetic quality of the world in which we live

Aesthetics of the Natural Environment Emily Brady, 2003 Aesthetic experience is one of the fundamental ways that we develop a relationship to our natural surroundings Emily Brady provides a comprehensive study of this type of experience and the central philosophical issues related to it developing her own original theory of aesthetic appreciation of nature She provides useful background to the current debate and an up to date critical appraisal of contemporary theories

[The Aesthetics Of Human Environments](#) Arnold Berleant, Allen Carlson, 2007-05-24 The Aesthetics of Human Environments is a companion volume to Carlson's and Berleant's The Aesthetics of Natural Environments Whereas the earlier collection focused on the aesthetic appreciation of nature The Aesthetics of Human Environments investigates philosophical and aesthetics issues that arise from our engagement with human environments ranging from rural landscapes to urban cityscapes Our experience of public spaces such as shopping centers theme parks and gardens as well as the impact of our personal living spaces on the routine activities of our everyday life are discussed in terms of their aesthetic value and the nature of our aesthetic appreciation This volume will appeal to any reader concerned about the aesthetic quality of the world in which we live

Aesthetics and the Environment Allen Carlson, 2000 This book presents fresh and fascinating insights into our interpretation of the environment and shows how our aesthetic experience encompasses nature rather than art

Aesthetics of the Natural Environment Emily Brady, 2019-06-01 In the first systematic account of aesthetics in relation to the natural environment Emily Brady provides critical understanding of what aesthetic appreciation of nature involves and develops her own distinctive aesthetic theory In particular she develops a theory of aesthetic appreciation which integrates subjective and objective approaches Among the topics discussed which bring together philosophical aesthetics and environmental philosophy are The nature of aesthetic experience Aesthetic value

Theories of aesthetic appreciation of nature Art and environment Imagination emotion and meaning in aesthetic appreciation of nature The justification of aesthetic judgements of nature The intersection between aesthetic and ethical value The role of aesthetics in nature conservation and environmental policy In providing a thorough account of the literature together with original critical insights this book will be of interest to undergraduates postgraduates and academics in environmental philosophy and aesthetics as well as those in geography landscape architecture art theory and sociology Features Offers a new approach to the subject Provides a solid grounding in environmental aesthetics Connects with ecological issues conservation and environmental planning

Aesthetics and Nature Glenn Parsons, 2008-09-07 Aesthetics and Nature offers a clear and accessible introduction to the field of nature aesthetics Glenn Parsons explores the current debates in the field providing the reader with a thorough overview of the subject The book situates nature aesthetics in relation to two principal influences aesthetics traditional project of understanding the value of art and current thought on the ethics of our relationship with nature The book outlines five major approaches to understanding the aesthetic value of nature and explores the aesthetic appreciation of nature as it occurs in wilderness in gardens and in the context of appreciating environmental art The book also includes a study of the idea that conserving nature's beauty provides a compelling reason to preserve wilderness This highly topical idea has deep implications for the importance of aesthetic value in our relationship to nature and for the fate of nature itself Combining a clear and engaging style with a sophisticated treatment of a fascinating subject Aesthetics and Nature is a valuable contribution to contemporary aesthetics

Nature and Landscape Allen Carlson, 2008-12-15 The roots of environmental aesthetics reach back to the ideas of eighteenth century thinkers who found nature an ideal source of aesthetic experience Today having blossomed into a significant subfield of aesthetics environmental aesthetics studies and encourages the appreciation of not just natural environments but also human made and human modified landscapes Nature and Landscape is an important introduction to this rapidly growing area of aesthetic understanding and appreciation Allen Carlson begins by tracing the development of the field's historical background and then surveys contemporary positions on the aesthetics of nature such as scientific cognitivism which holds that certain kinds of scientific knowledge are necessary for a full appreciation of natural environments Carlson next turns to environments that have been created or changed by humans and the dilemmas that are posed by the appreciation of such landscapes He examines how to aesthetically appreciate a variety of urban and rural landscapes and concludes with a discussion of whether there is in general a correct way to aesthetically experience the environment

Living in the Landscape Arnold Berleant, 1997 In Living in the Landscape Arnold Berleant explores new ways of thinking about how we live and might live in the landscapes that enfold us Through the concepts of aesthetic engagement and environmental continuity he proposes a new paradigm that offers a holistic approach to the meaning of place and places of meaning in our lives Although environmental aesthetics is linked in the popular mind to dramatic vistas and monumental landscapes the Grand Canyon for

example Berleant is much more concerned with the commonplace settings of everyday life He argues that our active appreciation of or aesthetic engagement with the prosaic landscapes of home work local travel and recreation plays a vital role in our discovery of hidden continuities as well as pleasure and meaning in the places we inhabit Berleant begins with a general introduction to environmental aesthetics identifying the kinds of experience meanings and values it involves and describing its historical sources and the issues with which it is concerned In the rest of the book he spotlights new directions in the field as they relate to education community creativity and the sacred and provides an insightful analysis of negative environmental aesthetics Throughout he is both thoughtful and entertaining as evidenced in his extended critique of the pop post modern environment of Disney World Berleant addresses issues commonly associated with the environmental movement e g preservation pollution control and quality of life But his study draws from a wide range of disciplines and for that reason should also appeal to scholars and students interested in art and aesthetics landscape architecture and planning urban and environmental design and cultural geography as well as environmental studies

Aesthetics and Nature Glenn Parsons, 2023 The appreciation of nature and natural beauty demands our attention as environmental issues become ever more urgent In this timely introduction Glenn Parsons provides an overview of philosophical work on the aesthetics of nature identifying key conceptual questions clarifying central theories and analyzing the ethical ramifications of our experience of natural beauty Outlining five major approaches to understanding the aesthetic value of nature this second edition explores the aesthetic appreciation of nature as it occurs in wilderness in gardens and in the context of appreciating environmental art Now updated to cover recent developments in the field it includes A new chapter on the sublime the picturesque and the beautiful Expanded discussion of empirical and evolutionary accounts of nature appreciation as well as the appreciation of the environment in non Western cultures A new chapter on the aesthetic appreciation of animals An in depth analysis of the appreciation of nature through cinema and photography Discussion of the relation between environmental appreciation and climate change Combining a clear and engaging style with a sophisticated treatment of a fascinating subject **Aesthetics and Nature** explores the aesthetic dimension of humanity's relationship with our physical surroundings This a must read for anyone who cares about nature and the future of our environment

Landscape, Natural Beauty and the Arts Salim Kemal, Ivan Gaskell, 1993 **Landscape Natural Beauty and the Arts** offers probing studies of the complex structure of aesthetic responses to nature Each chapter refines and expands the terms of discussion and together they enrich the debate with insights from art history literary criticism geography and philosophy To explore the interrelation between our conceptions of nature beauty and art the contributors consider the social construction of nature the determination of our appreciation by artistic media and the duality of nature's determining in gardening Showing that natural beauty is impregnated with concepts derived from the arts and from particular accounts of nature the volume occasions questions of the distinction and relation between art and nature generally and culminates in a set of philosophical studies of the role of scientific
